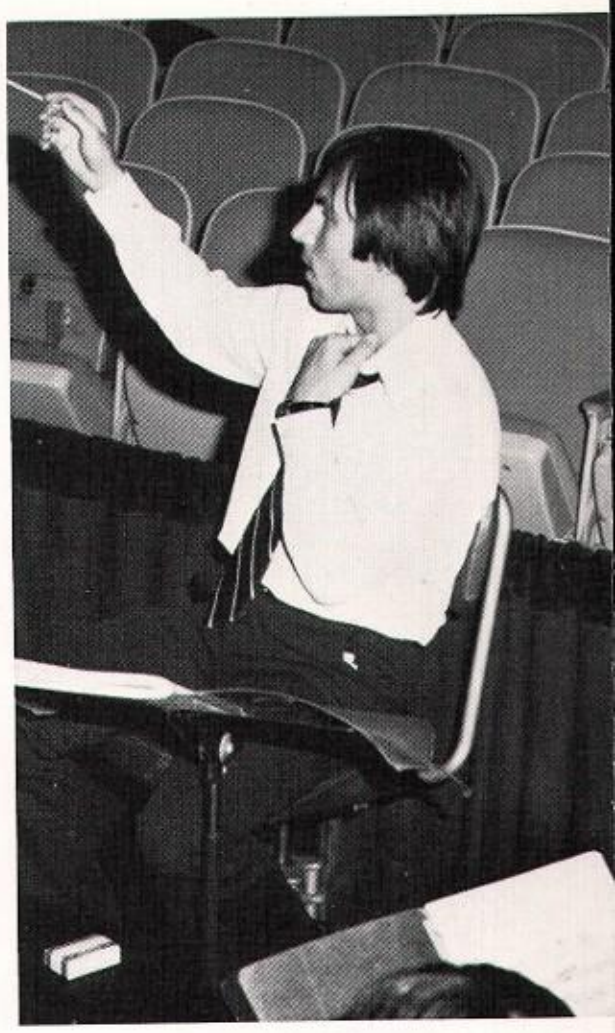
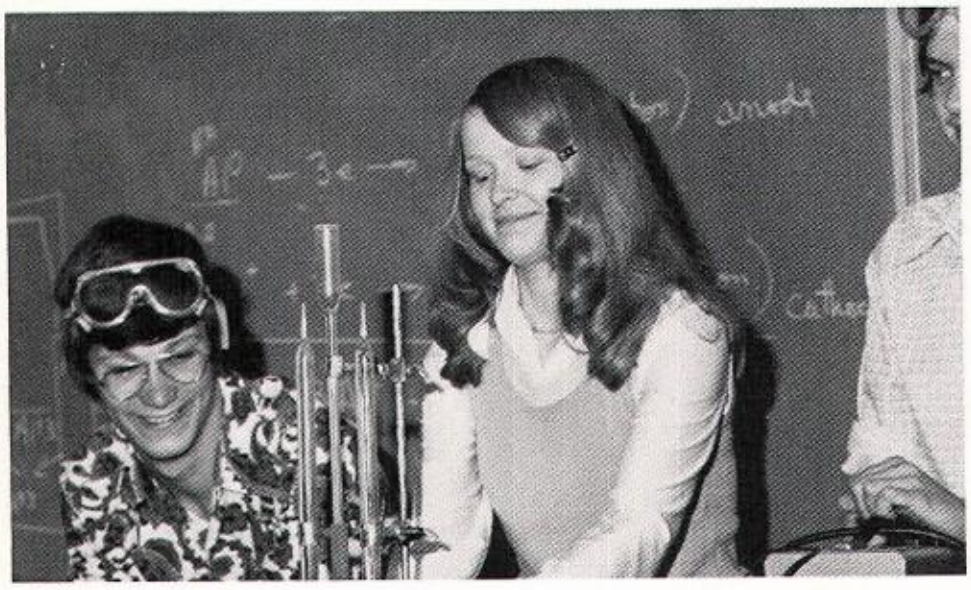
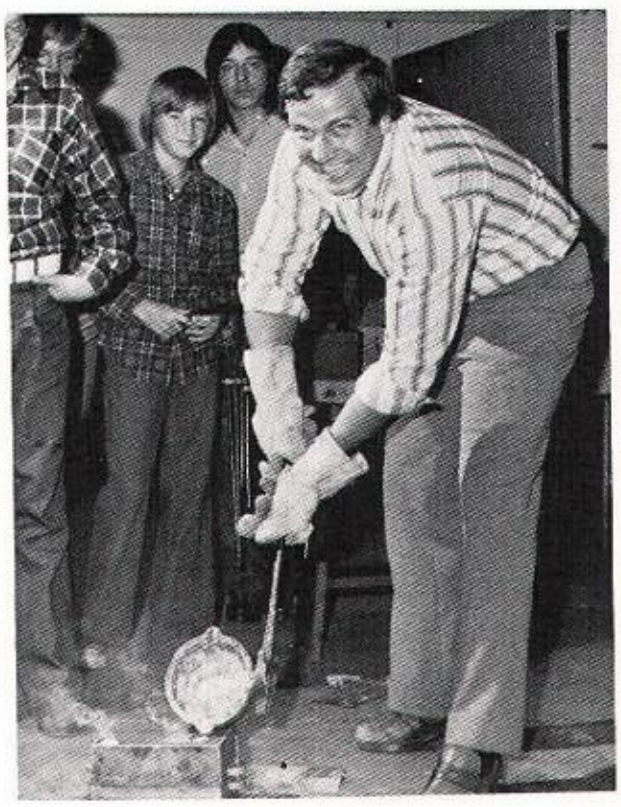
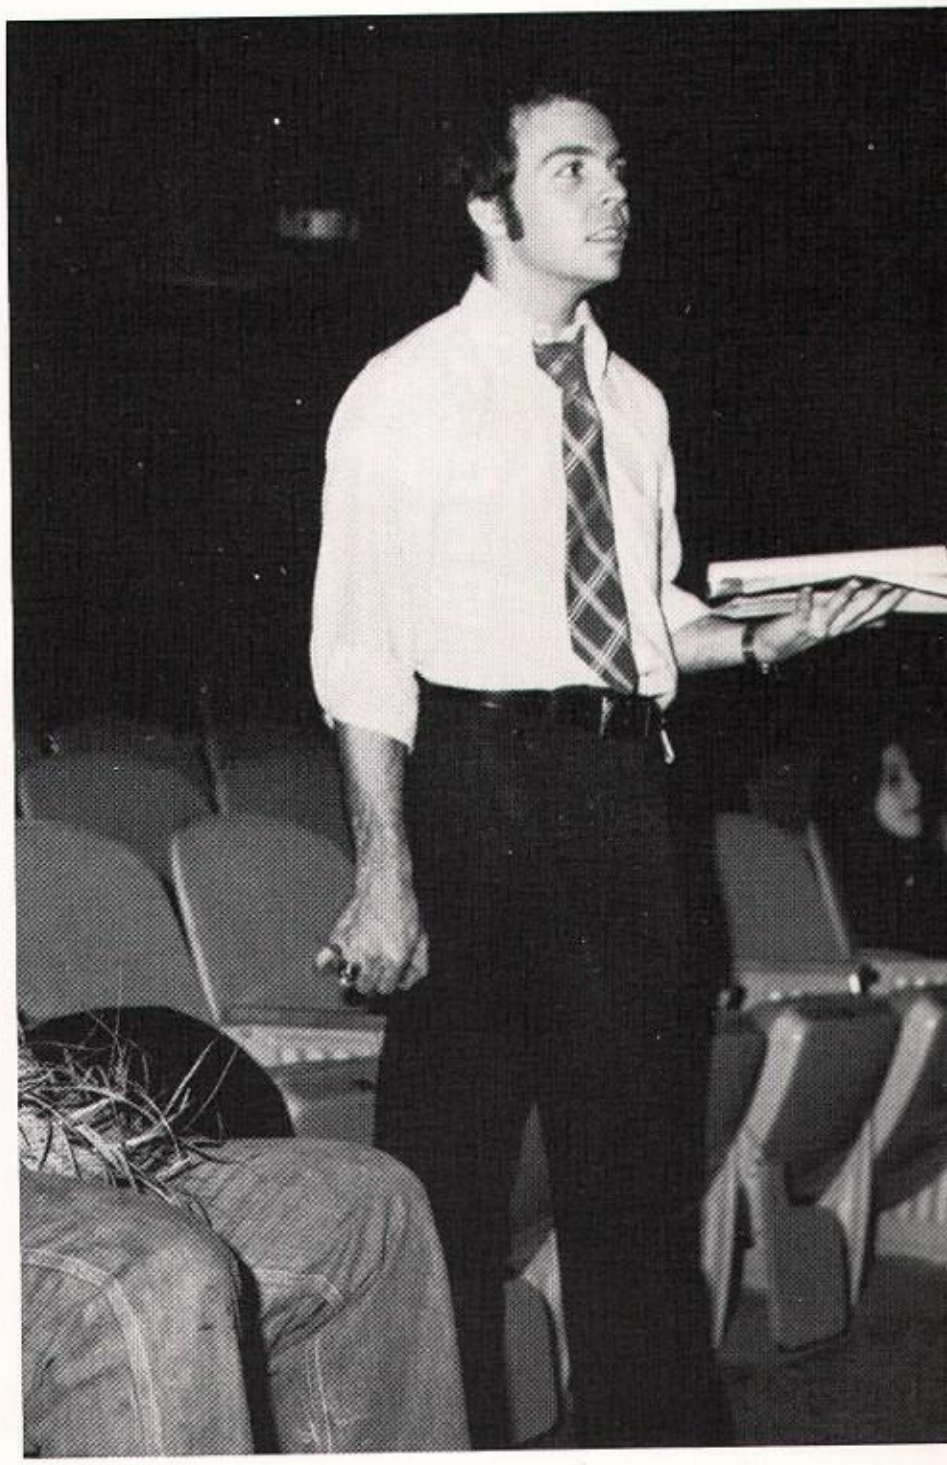
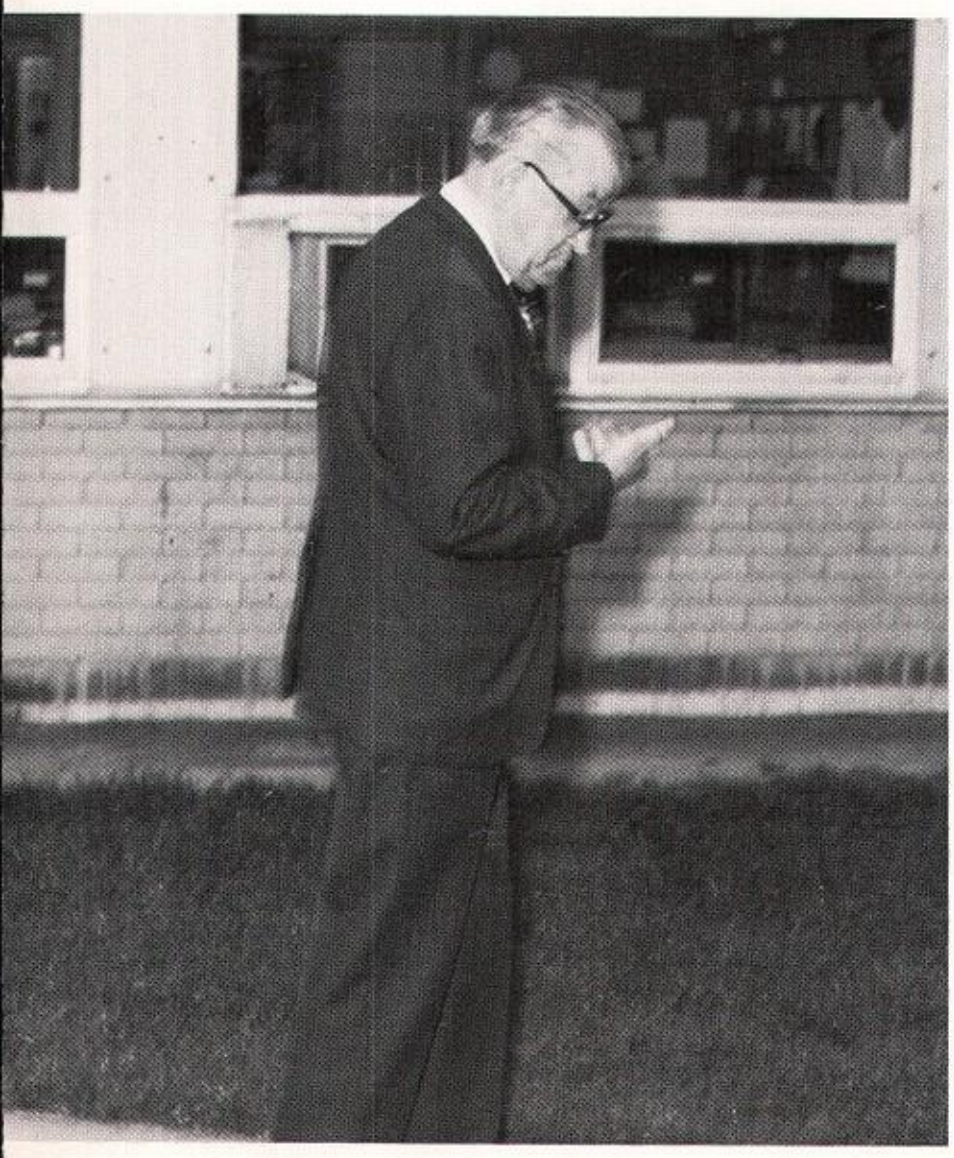
Just as a musical director needs a score, a play director needs a script, a school needs an effective evacuation plan, a teacher needs the curriculum, so a school has to have a blueprint for achieving its goal.

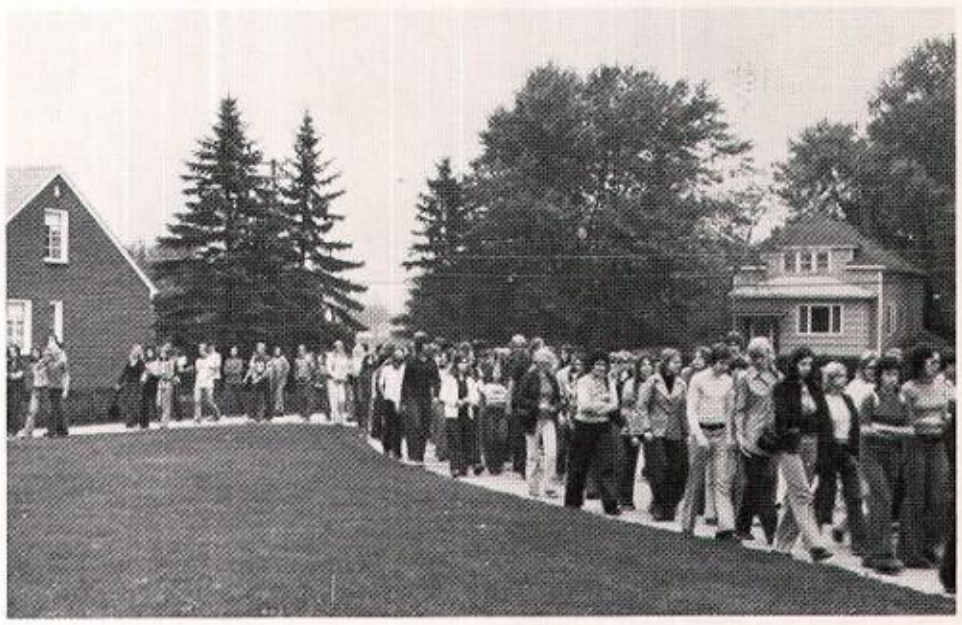






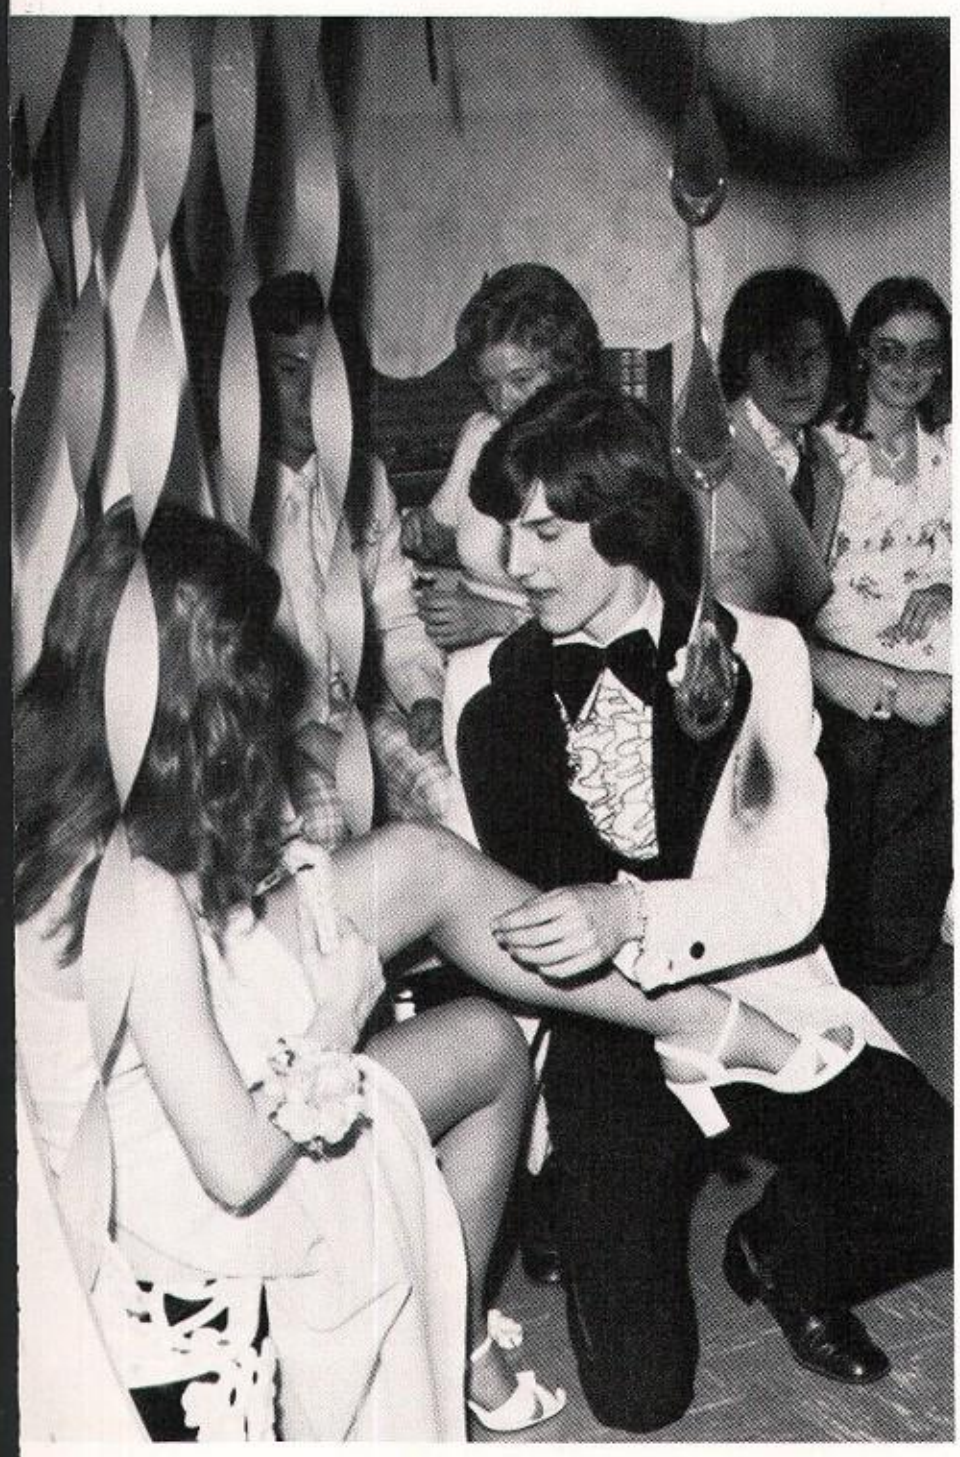


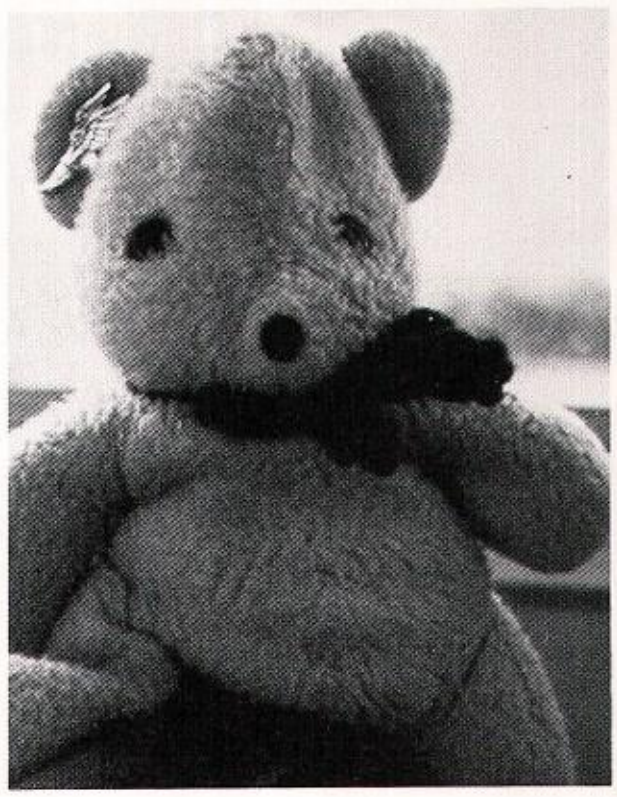




A school is somewhat like a recipe because a recipe is a method of procedure for making something from various ingredients.

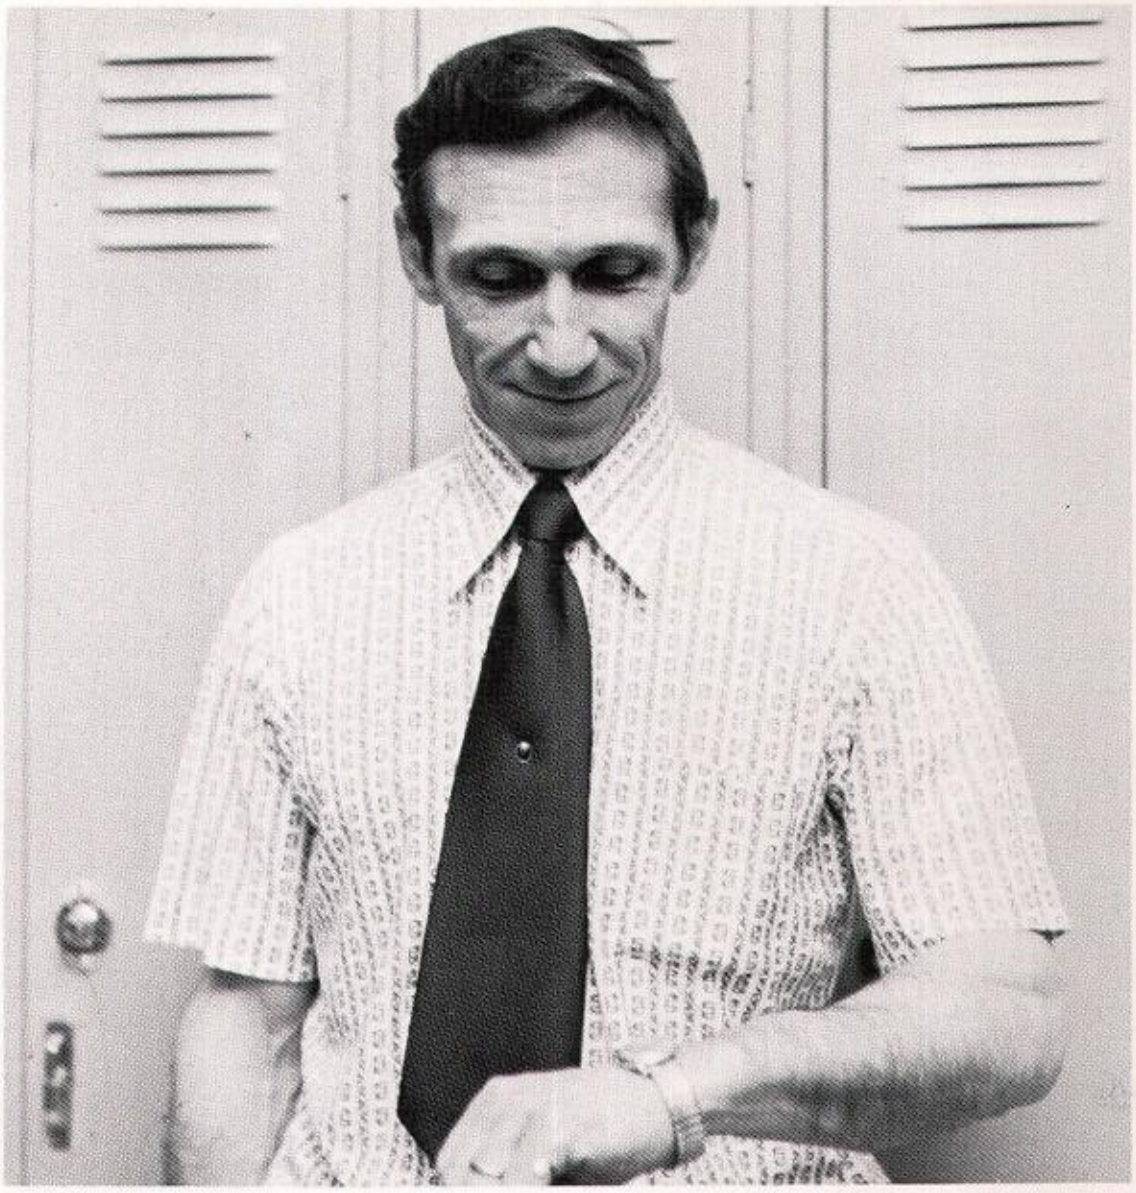
School isn't all seriousness. It has its moments of relaxation, humor and social life.

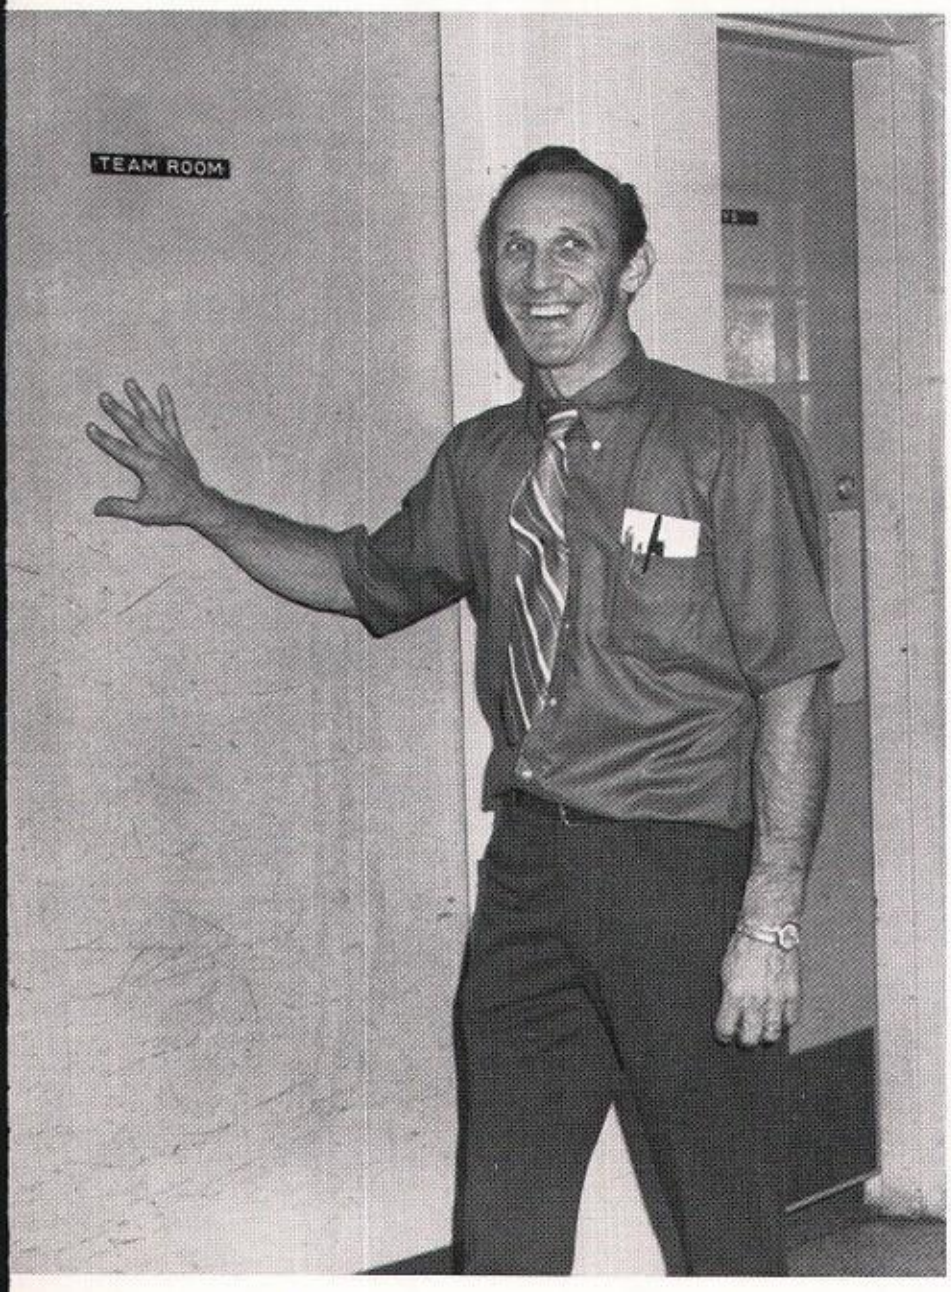




Dedication

For caring so much about our school, for being so concerned about our welfare, for sharing your time with us, and for just being the way you are, teacher, coach, and leader, we dedicate our yearbook to you, Mr. John Borsuk.





TEAM ROOM

Retiring Faculty

This year, we would like to salute Mrs. LaRene Gross and Mrs. Madeline Cheston, who are retiring this year, for all the time, concern, and involvement they have given to the students of this school during the years.

During her 12 years of service, Mrs. Gross has been the school nurse-teacher and the advisor for the medical careers club. In her capacity as school nurse-teacher, Mrs. Gross has ministered to the ills of the student body and has shown personal concern and consideration for each person she came in contact with. As advisor of the M.C.C., she helped the members by giving her time to provide speakers and information concerning possible future careers in the health related fields.

During her 9 years of service, Mrs. Cheston has been our Spanish Teacher and has helped to further the foreign language program. She has sponsored and chaperoned students of the Spanish language on overseas programs. She has been active in foreign exchange students program, giving our students the opportunity to home students from other countries, live and study here in our community and to go to other countries to live and study.

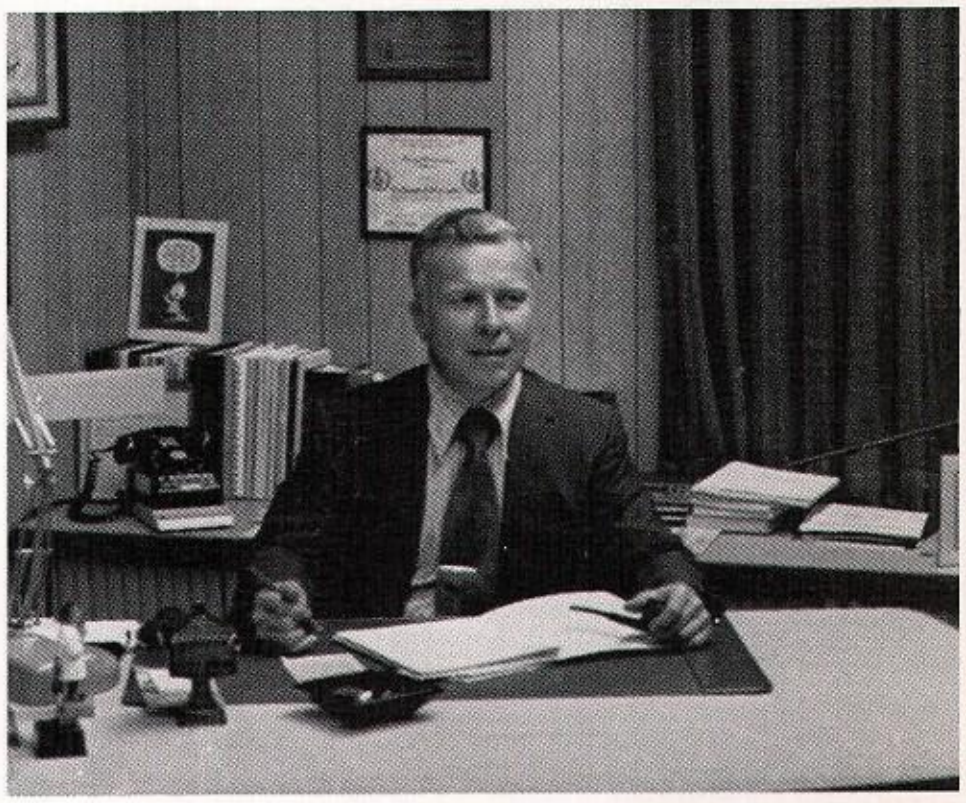
Dr. Joseph Gizinski Superintendent of Schools



Life is a winding road through the years that are allotted us. It passes through pleasant valleys and over steep hills. It threads its way through wastelands too. No one can see far enough ahead along the road to know which he will be required to travel on any given day.

Some people do not succeed in their daily trek through life only because they do not do things; successful people do. The successful scientist must follow a formula. The tourist follows a road map. The builder follows a blueprint. The successful cook follows a recipe.

The school's purpose is to help provide the experience and the knowledge to travel the road of life. The attitudes and habits you learn at school help set your pattern for life, i.e. it becomes the beginning of your blueprint for life. The energy and dedication you put into this initial design may very well decide what path you travel in life.

Mr. Henry Andrzejewski, Principal

Everything — buildings, machines, cities, businesses, life — has a plan which governs its construction and structure. This plan is easily recognizable in the physical structures and commercial organizations, but the plan of life is more subtle. In effect, school is a blueprint of life.

If you examine all the aspects of school, you will recognize a pattern that can be projected to encompass life itself. In school you have the elements of competition, sociability, cultural refinement, and intellectual stimulation. These are the parts of man's nature which need cultivation and direction. You find them within the structure of the school and its accompanying community.

The school provided competition not only in sports but also in the classroom where "intellectual athletes" compete with one another in an effort to develop their mental capabilities and potentials. You learn to play the game of life by meeting challenges and problems head-on and working them out to successful competition.

The school provides sociability on all levels. It offers you the opportunity for companionship and gives you a sense of society itself. You can mingle with people of all economic levels, cultural backgrounds, and interest areas. You can learn to live amiably in this kind of varied social world; to appreciate and understand all types of your fellow man.

The cultural refinement and intellectual stimulation that man needs in his life time is provided by the academic structure of the school and the academic-related activities. Here, you, the student can find new channels for your leisure time and at the same time become aware of other interest areas which may attract you at some future date. The intellectual stimulation of your classes sharpens your wits and encourages you to think and question the seed of experimentation and innovation — the foundation of progress.

Thus, the school in its academic and social structure is actually a "miniworld" where as students you encounter, on a small scale, the problems, personalities, and activities you will meet in life. The way in which you react to these then provides the foundation for the way in which you will handle life's varied situations. In effect, the habits and methods you develop while in school are the ones you will carry throughout life.

Mr. Henry Zwierzchowski
Assistant Principal

Webster's New Collegiate Dictionary defines a blueprint as a photographic print in white on a bright blue background used especially for copying maps, mechanical drawings, and architects plans. It further defines a blueprint as a plan of action.

Since a school is an institution for the education of children, it has to have a blueprint that is a plan of action to achieve this goal. Any good school attempts to mirror life and give students a clear view of the "whys" and "hows" of life. It endeavors to give the students a plan of action to cope with life and its problems. At J.F.K., we all are trying to create an atmosphere where there is input from the administration, faculty, students, and community in setting up this blueprint for the operation of our schools.

Our school is trying to be representative of and responsive to all the needs of all those involved in the education of the children of our community. The recipe for making this "dish" of education incorporates all the various ingredients of our community.

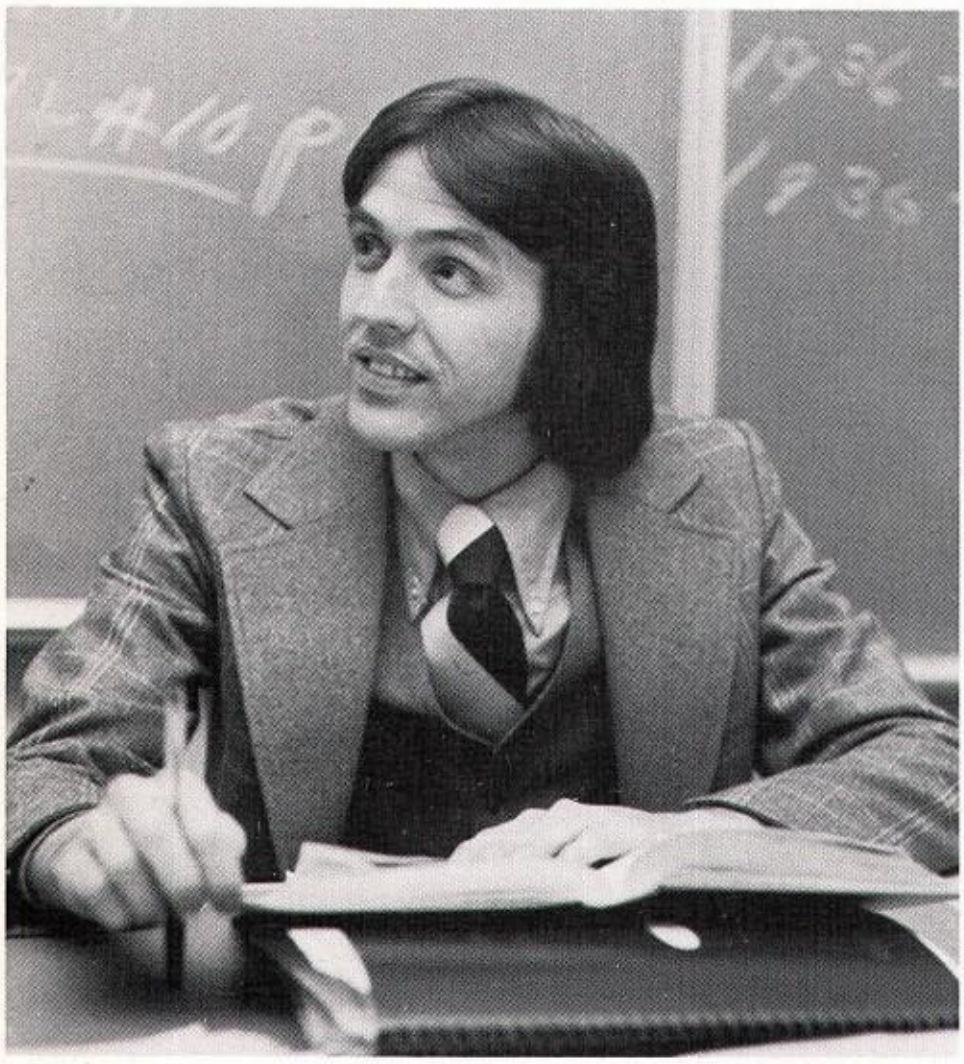
The language arts department strives to advance the student's awareness and appreciation of literature, as well as to increase skills in communication, both written and spoken. Classes such as Drama and Public Speaking encourage the individual to express himself not only in school activities, but also in our community.

Social Studies



WALTER WARD — Department Head

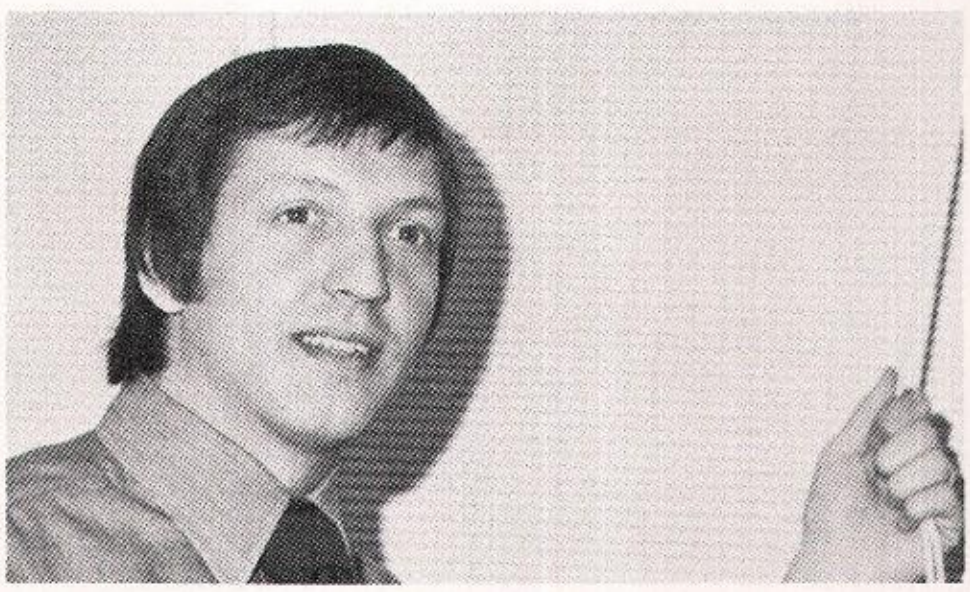
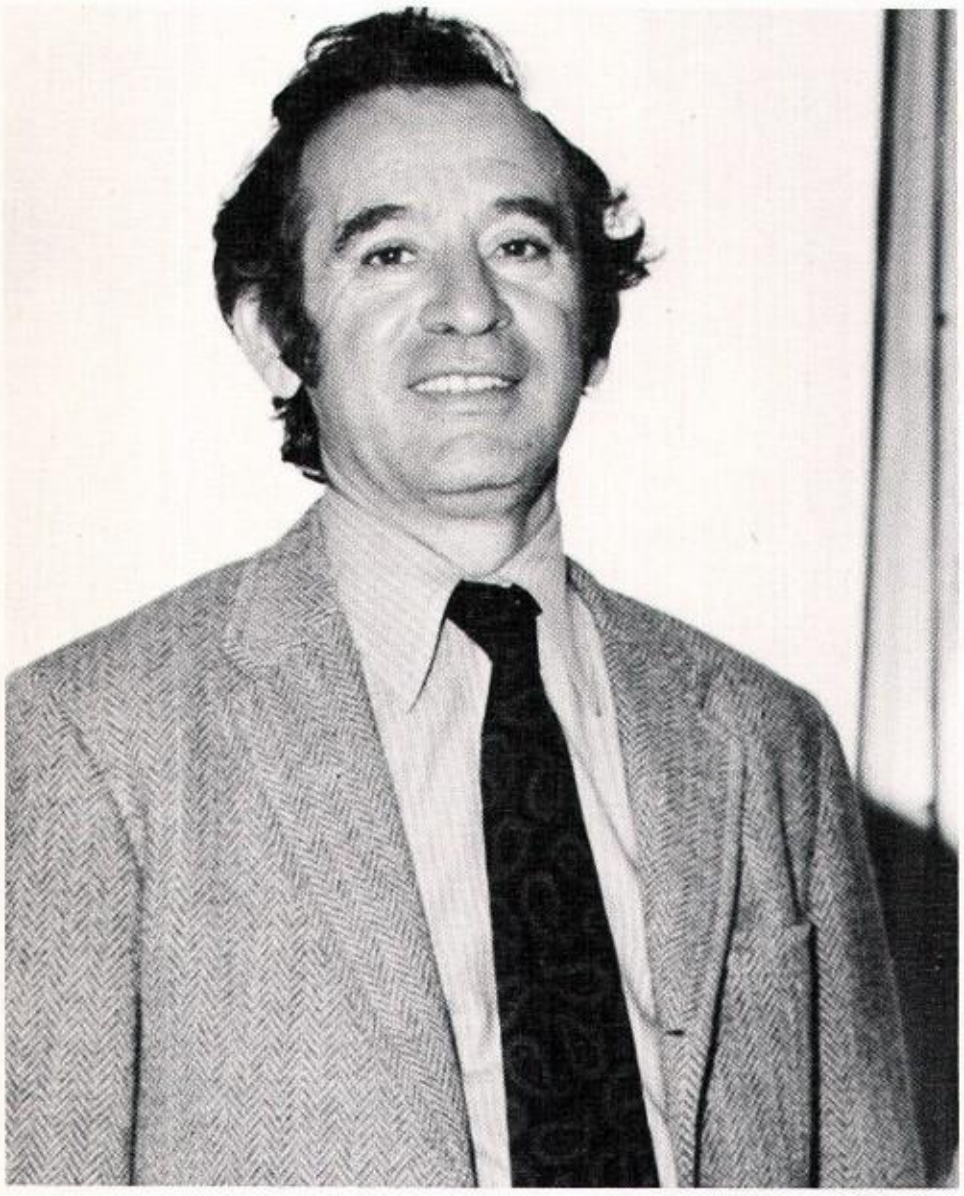
NORM PYZIKIEWICZ



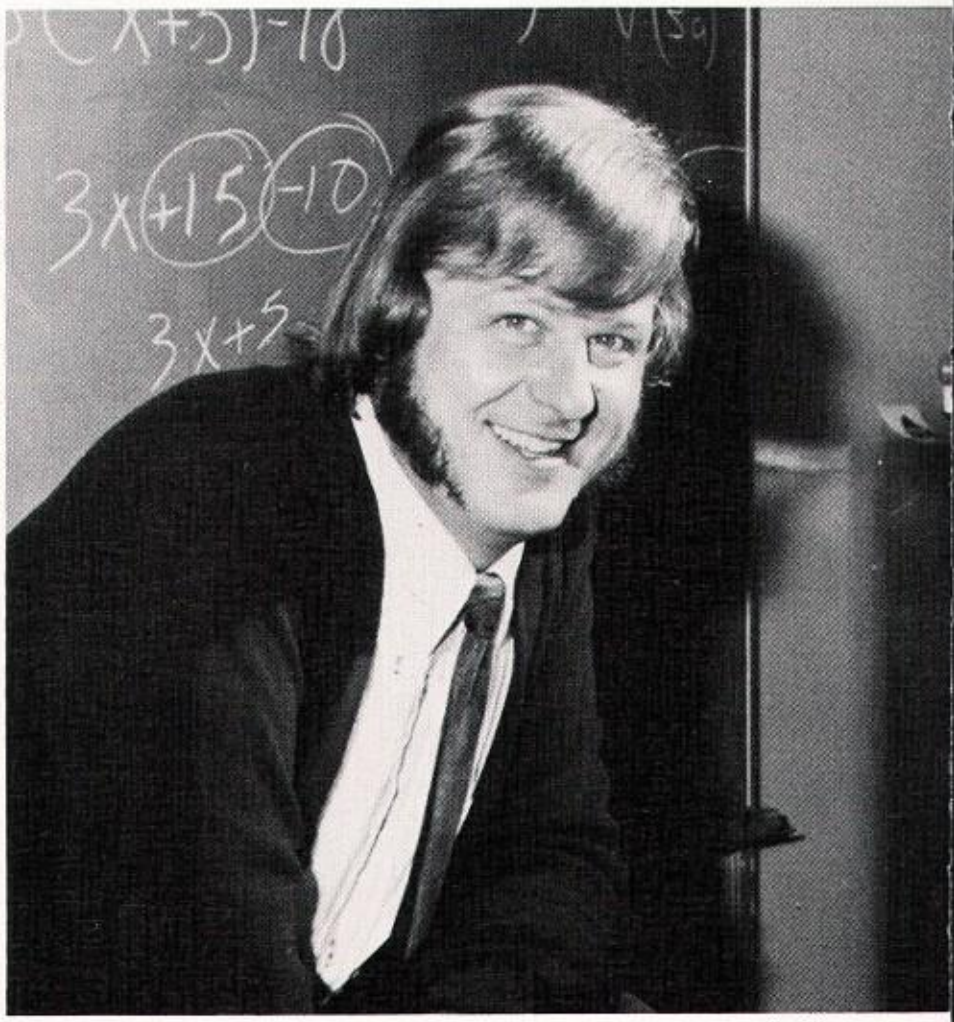
ALBERT ZIZZI

With a broad understanding of past and current events, the Social Studies department instills in each student a proper perspective toward his future. Subjects such as Afro-Asian, American History, World Culture, Sociology, Consumer Education, and Economics develop the necessary skills and appropriate attitudes essential to success in today's society.

Mathematics



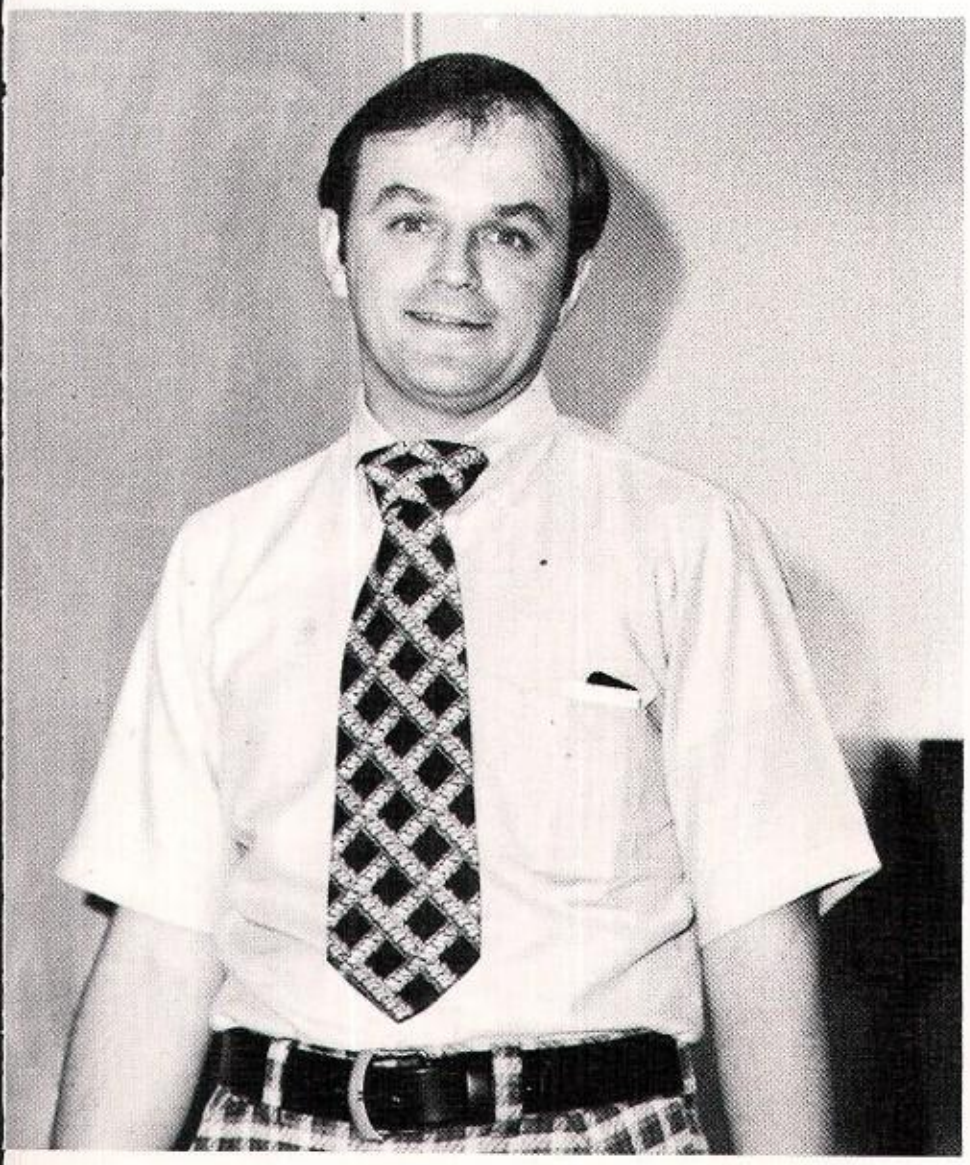
THOMAS LaPENNA — Department Head



EDWARD FIALKIEWICZ

KATHLEEN HERMAN

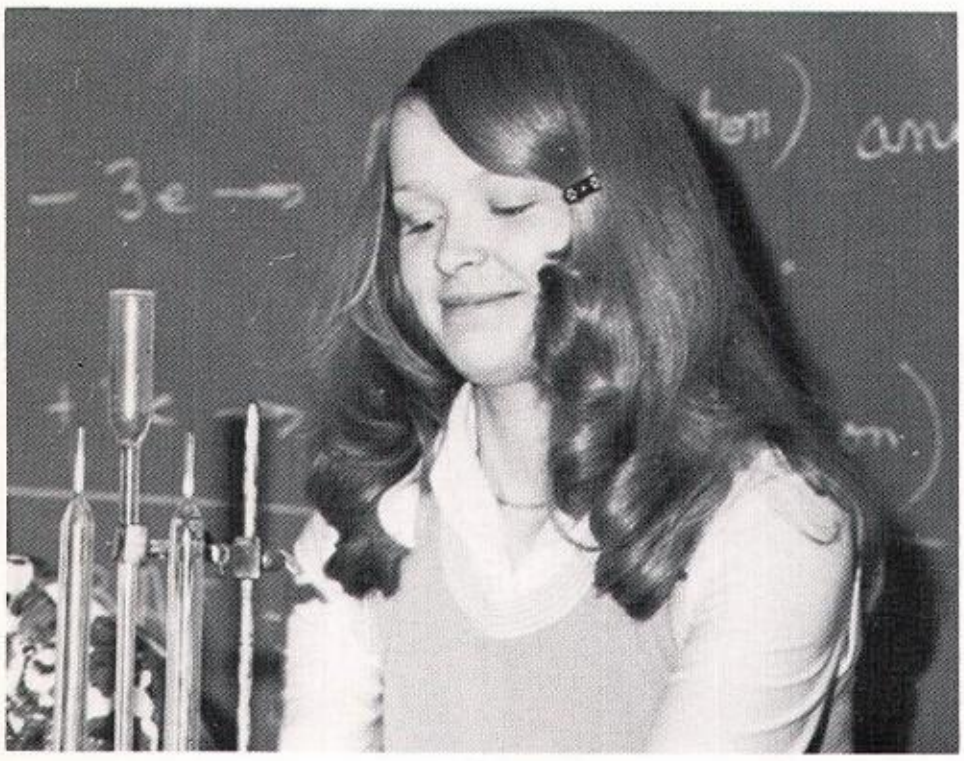
CAROLYN MASLONA



RICHARD ANDRZEJEWSKI

Within today's rapidly advancing society, mathematics has become one of our most valuable tools. New projects and problems arise constantly and in turn, new and improved methods of solving them are sought. Thus, this department attempts to provide our community with well-informed, up-to-date students. It teaches the art of logical reasoning and prepares participants for future mathematical careers.

Science

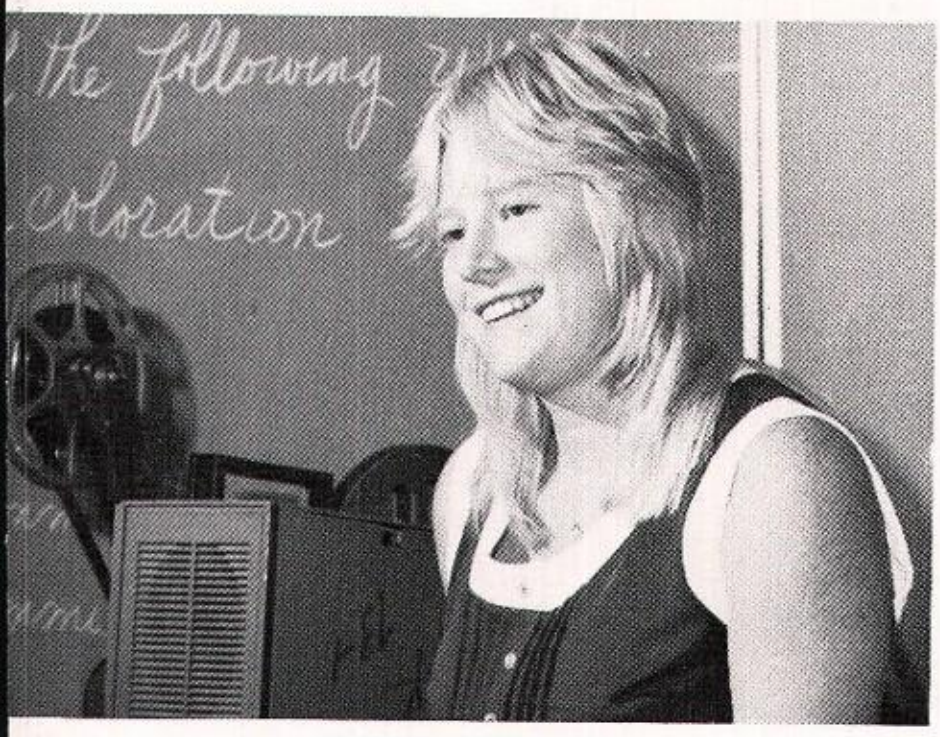


SUSAN SULLIVAN

ROBERT BRATTON — Department Head

RITA DOMHART

RALPH SIMME



PATRICIA SCHUPBACH

ANITA MOLENDA

This department offers courses such as general science, Biology, Chemistry, Physics, and advanced Biology. Principle theories and rules of science are taught as these subjects prepare students for future careers rich in challenge, opportunity, and reward. A new subject has been incorporated into the curriculum this year, advanced Chemistry. Under the direction of Mrs. Sullivan, this course further prepares students for the ever-advancing scientific world.

Business

This department prepares students for a successful and enjoyable future in the business world. Subjects offered in various skill areas include typing, shorthand, transcription and secretarial practice. Academic courses include general business, retailing, salesmanship, business arithmetic, law, and distributive education. Teachers utilize their own experience along with advanced equipment to keep the curriculum abreast of the constant changes occurring in the business world.

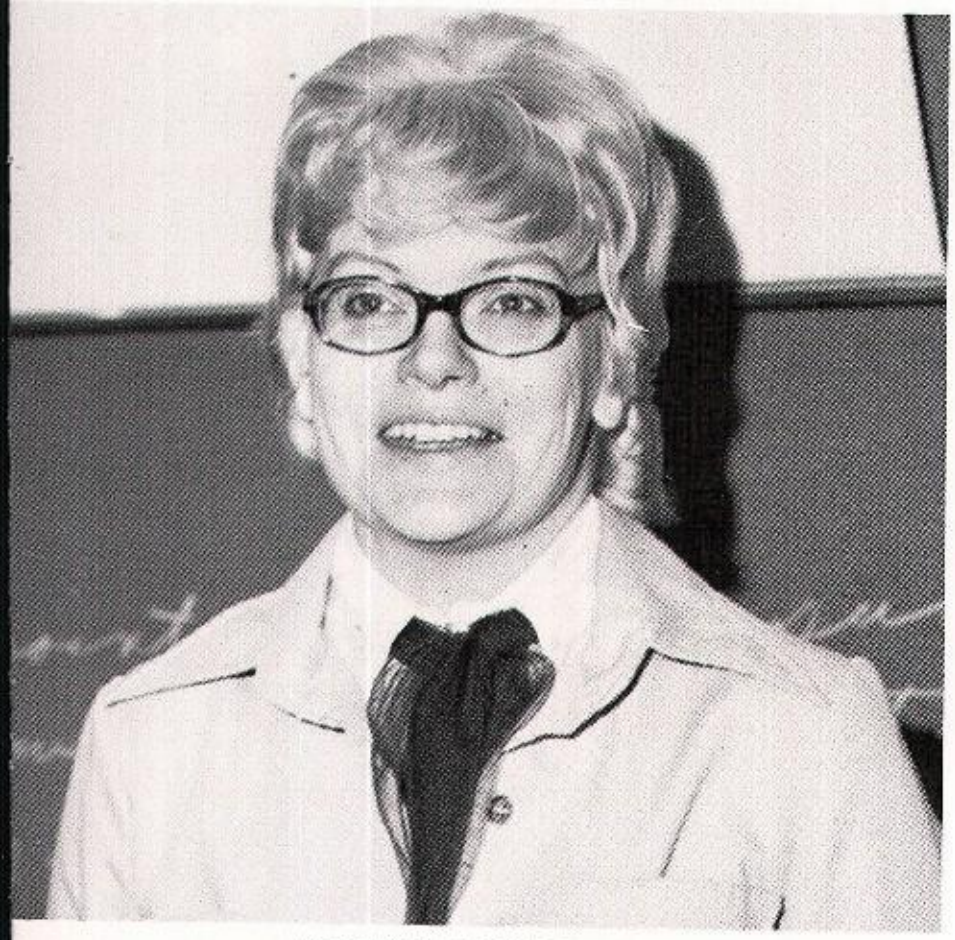
DENNIS PIEKARSKI

The physical education program at J. F. Kennedy High Schoo incorporates the principle of "a sound mind in a sound body" through a variety of activities based on the interests of all its stu dents. In addition, the health courses instruct us as to good healt habits.

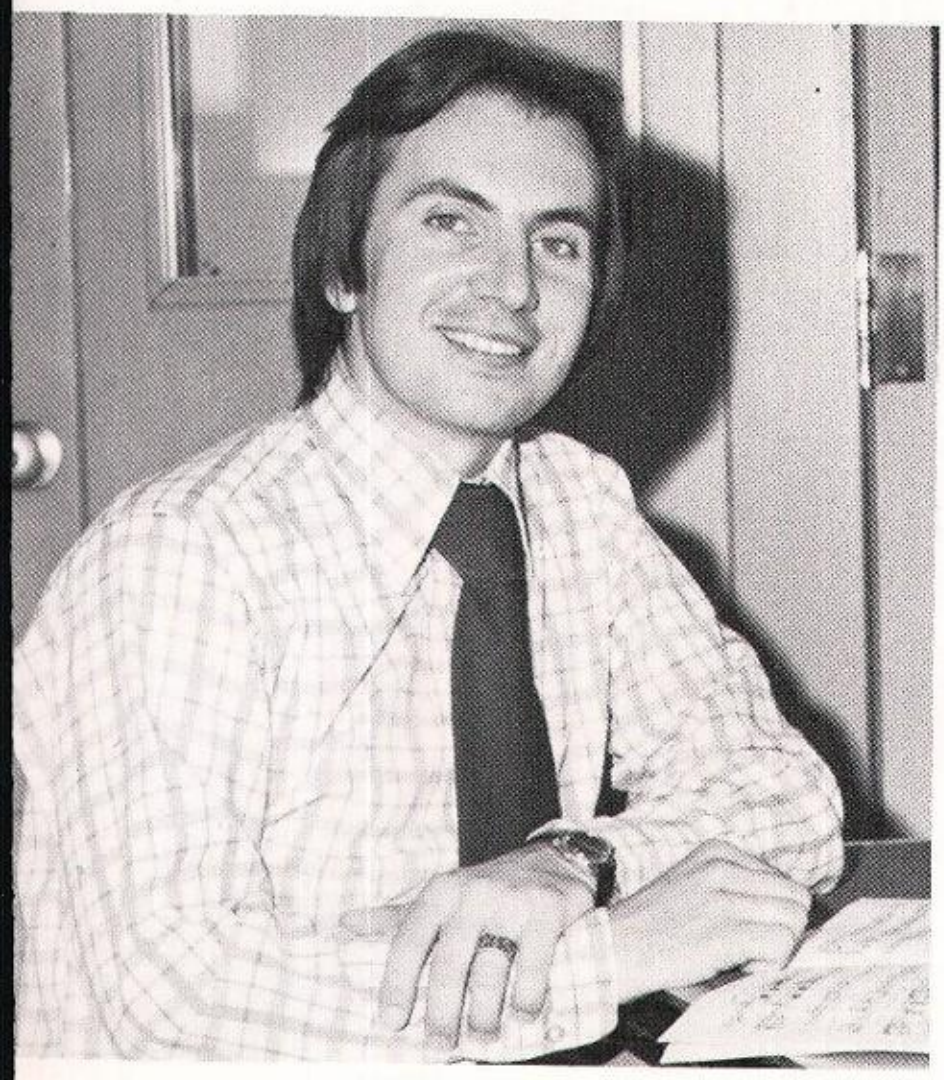
Home Economics

The main objective of Home Economics department is to provide learnings helpful to youth in weighing values and making sound decisions in all aspects of home and family living.



ADRIENNE PASQUARIELLO

JULIA BINISKIEWICZ

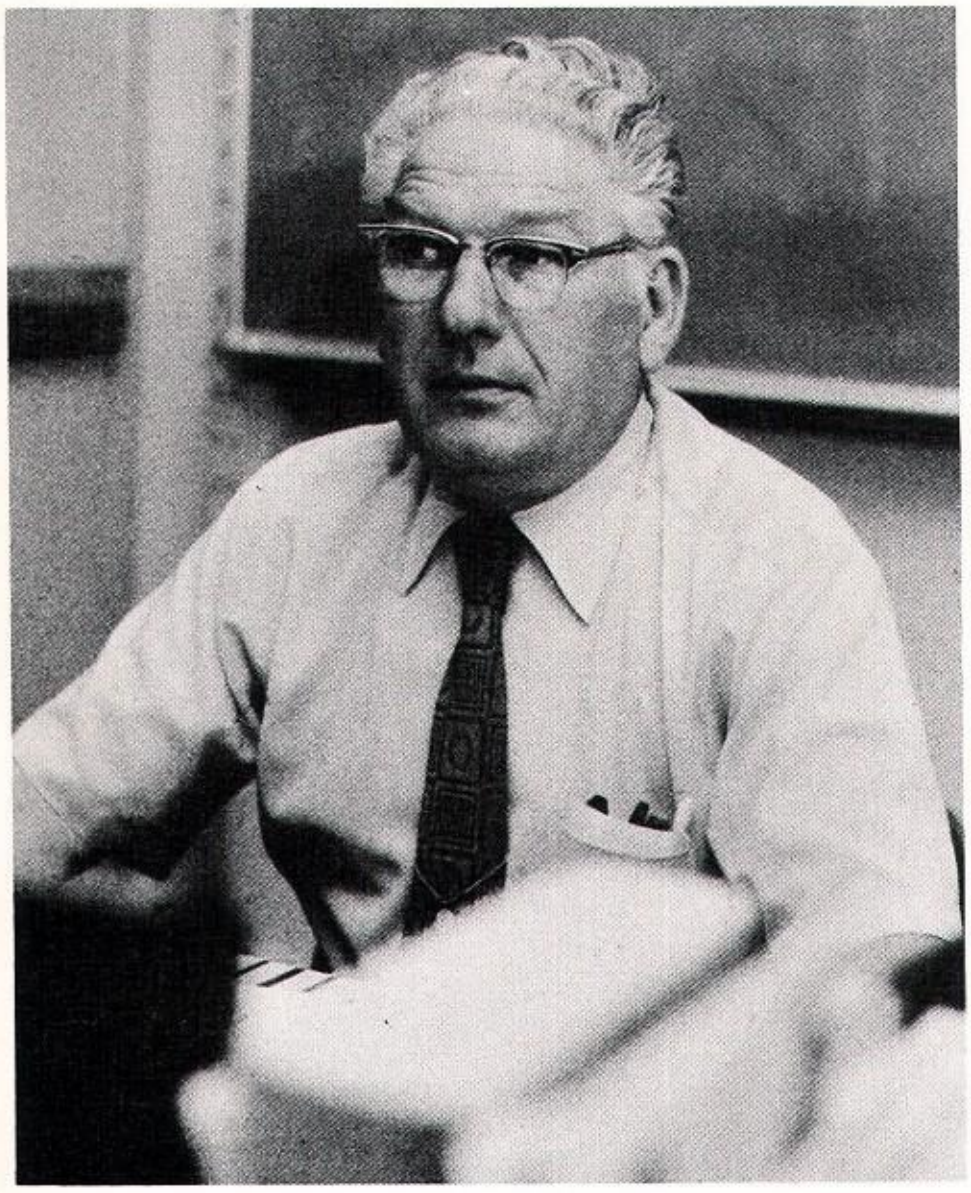


ANDREW ZIEMBA

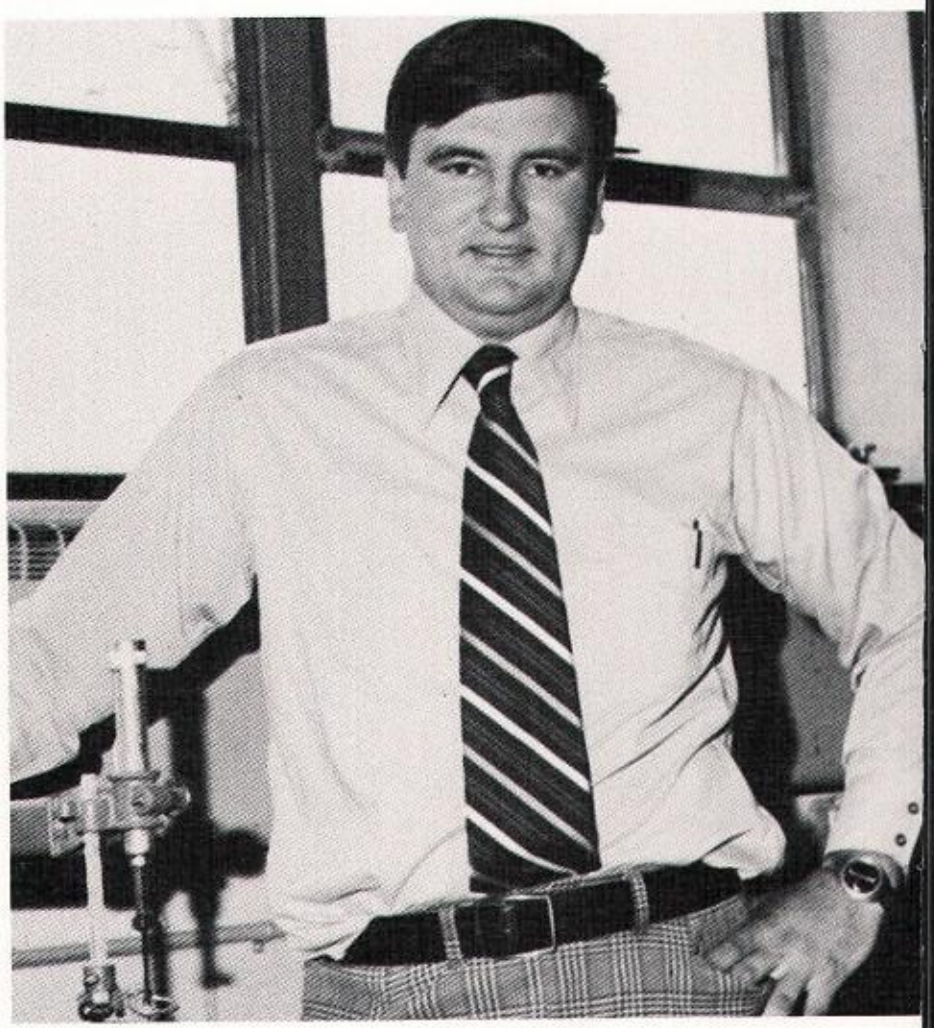
Music

The main objective of the music department is to direct those interested toward music as a career or hobby in later life. It consists of a many-faceted program, open to participation in a mixed chorus, a music theory class, the marching band, concert band, and the J.F.K. Jazz Ensemble. Not only is this curriculum personally rewarding, but it also brings pride and honor to our school and community.

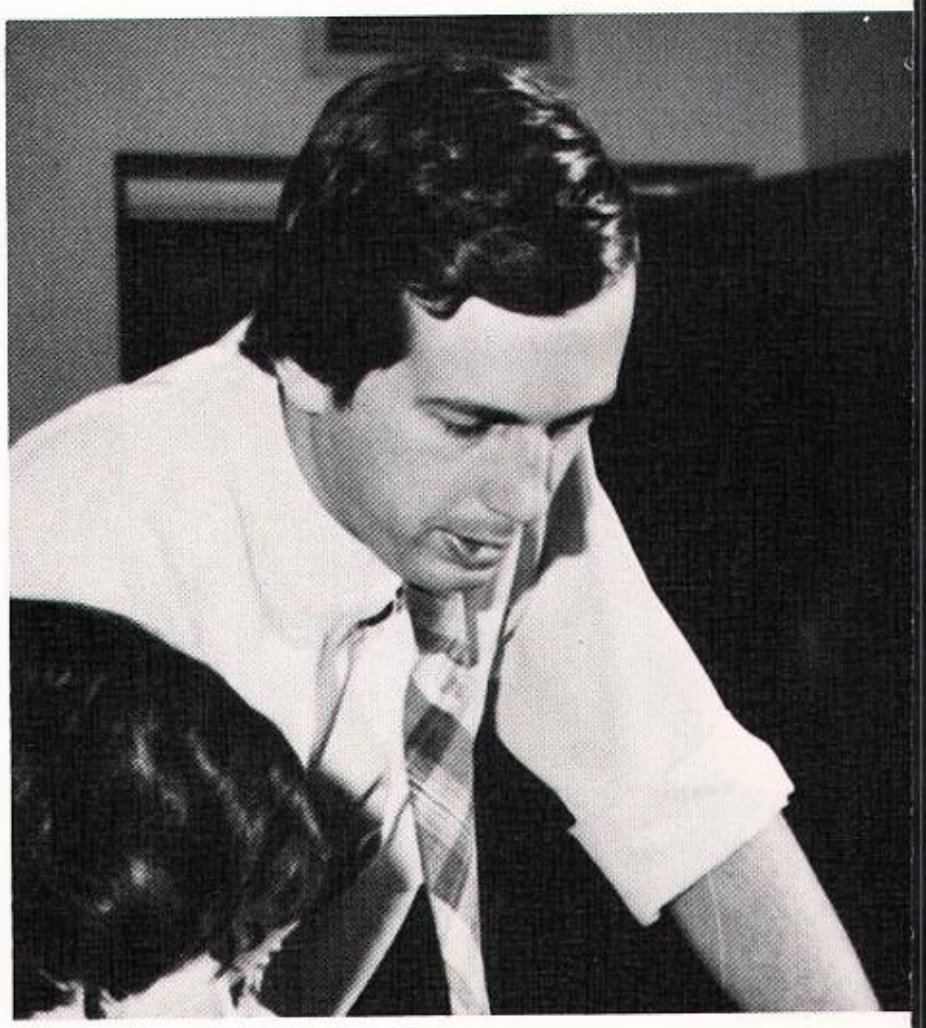
Industrial Arts



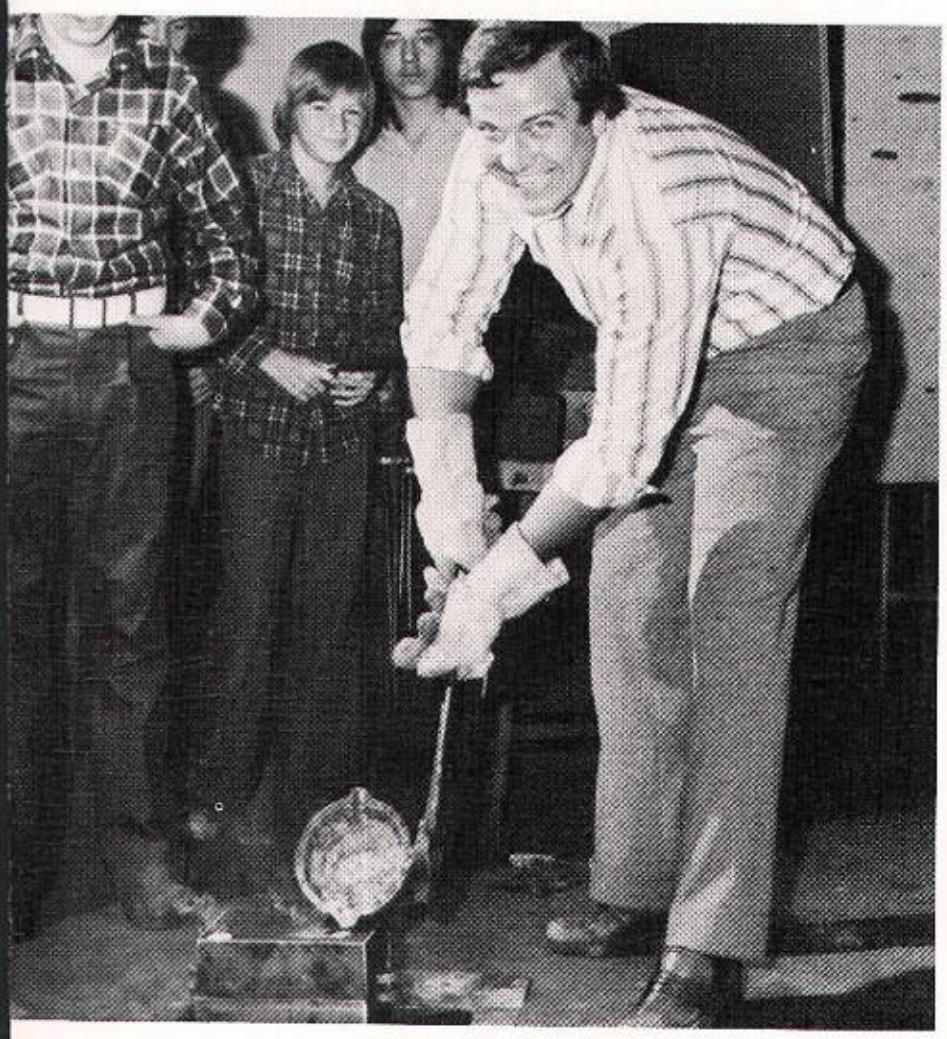
CHARLES MIECZNIKOWSKI
Department Chairman



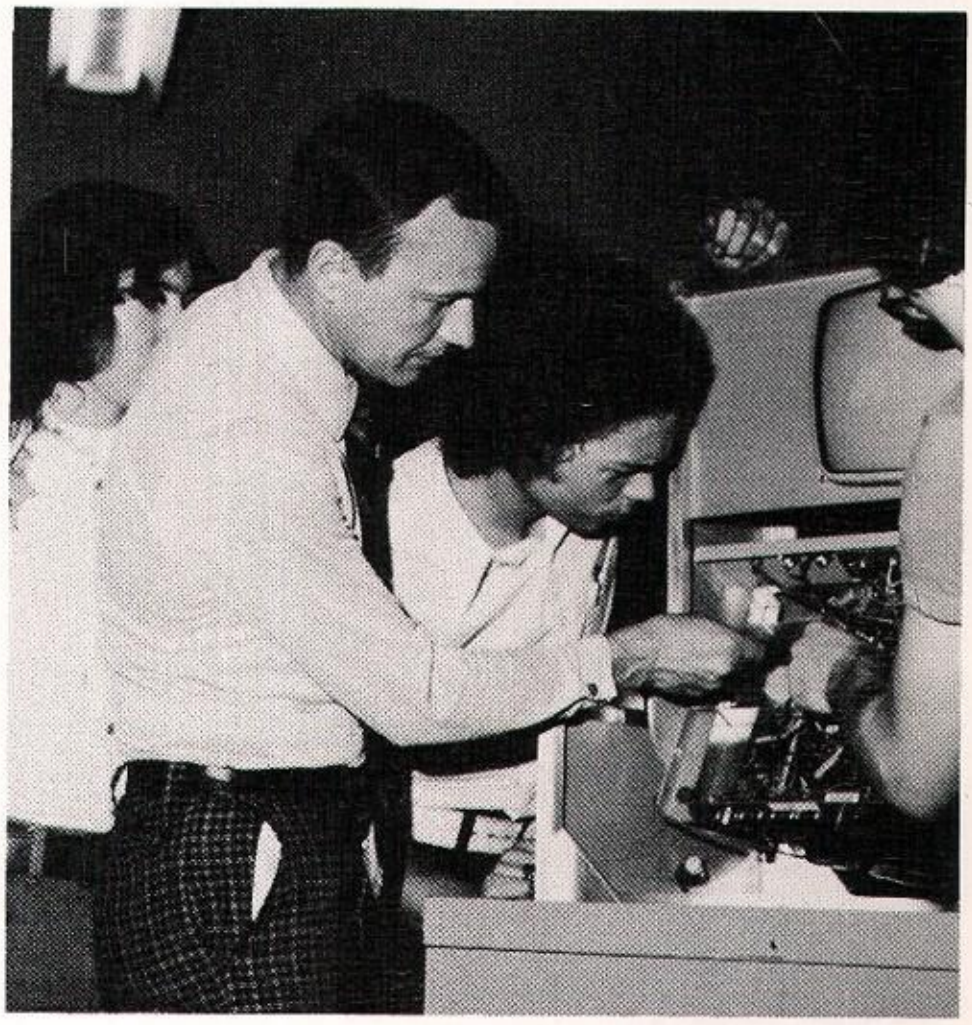
JOSEPH TANSKI



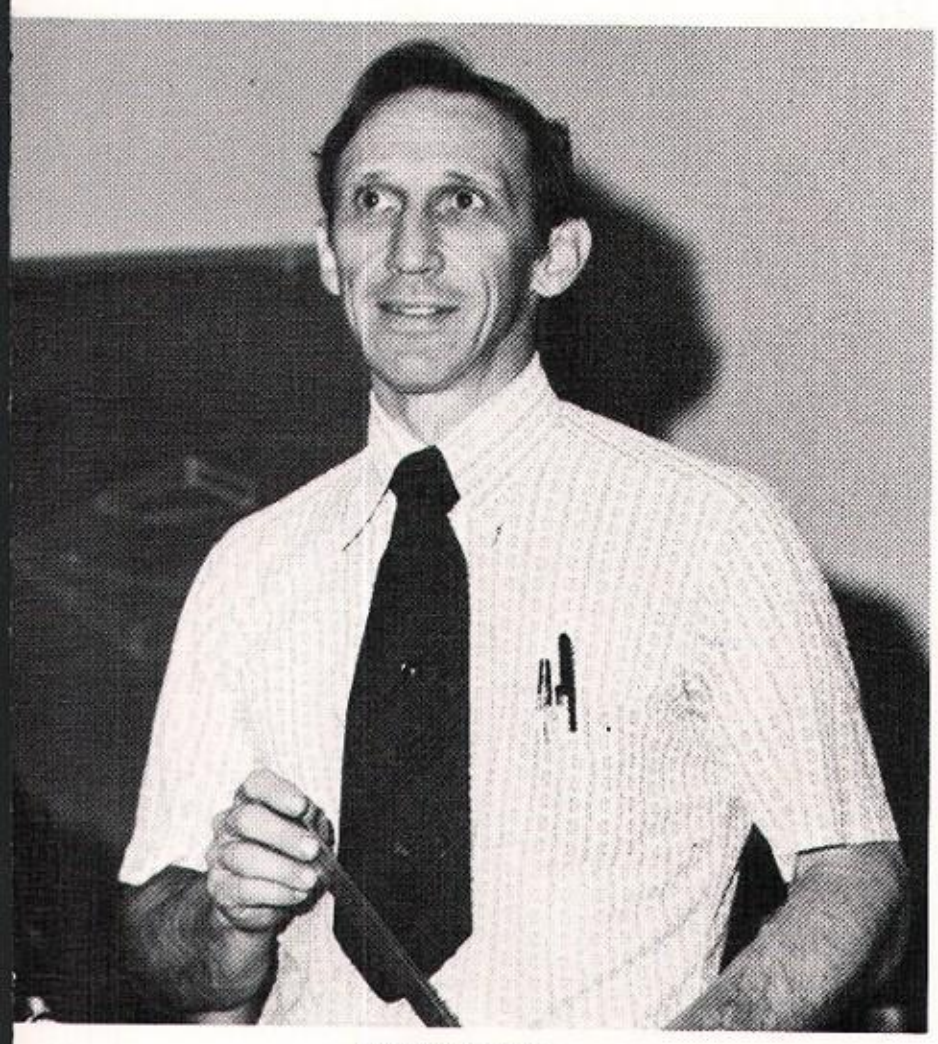
JOSEPH NIKIEL



JAMES WAGNER



STANLEY RADOMSKI



JOHN BORSUK

Industrial Arts is a broad, industrially oriented curriculum. Students participate actively by learning how different products are planned and made. They learn technical facts and generalizations, how to work with wood, metal, plastic and other materials, and the fundamentals of power and electricity. In order to arrive at creative solutions to the problems of designing and planning, this course teaches students to engage in critical thinking. Ultimately, it prepares participants for future work of a vocational or professional nature.

Foreign Languages

Our language department's main objective is to culturally orient the students to a world view and teach them to appreciate the value of other cultures. Members of this department feel that even though the spoken language must be learned, the cultural aspects surrounding that particular language must be acquired. They urge a trend toward more activities, such as plays, meetings, and overseas trips, to enhance the student's knowledge of life in foreign nations. In addition, the 1976 Forum extends a note of appreciation to Mrs. Cheston, who is retiring this year after eleven years of active participation in the language department.

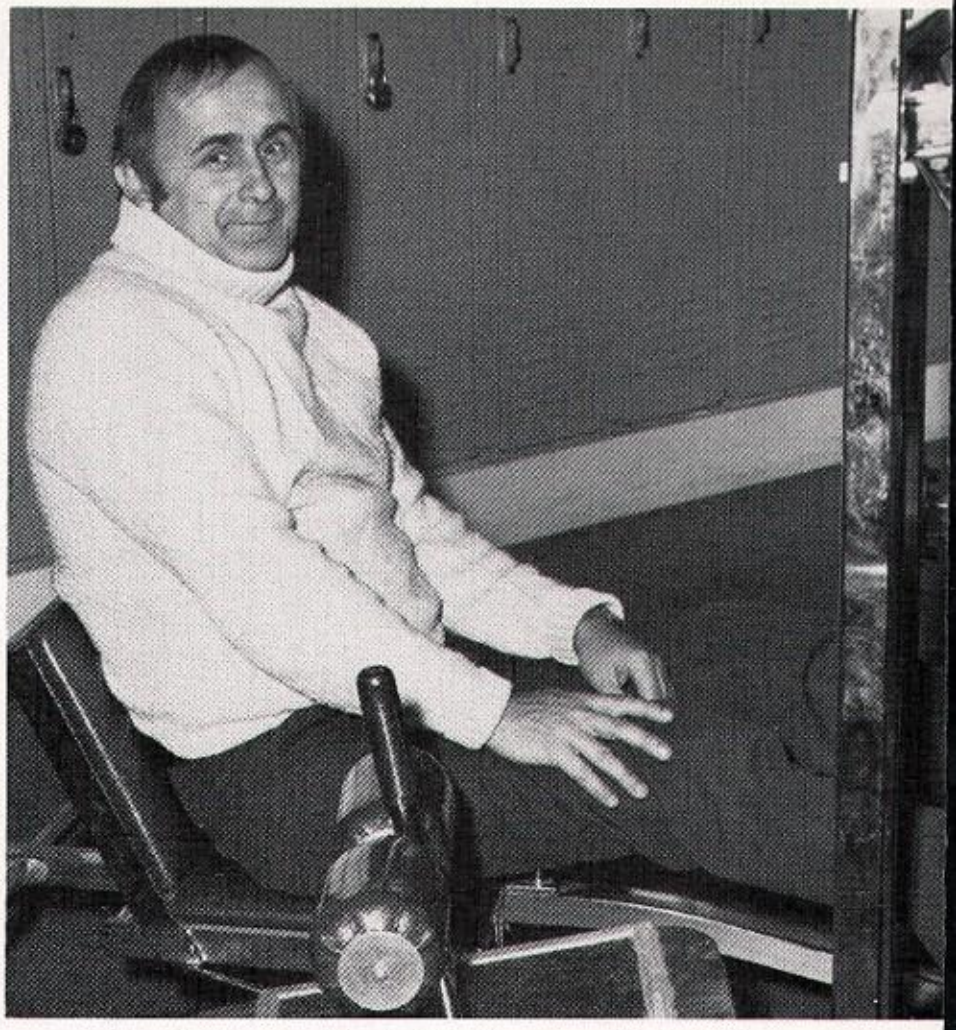
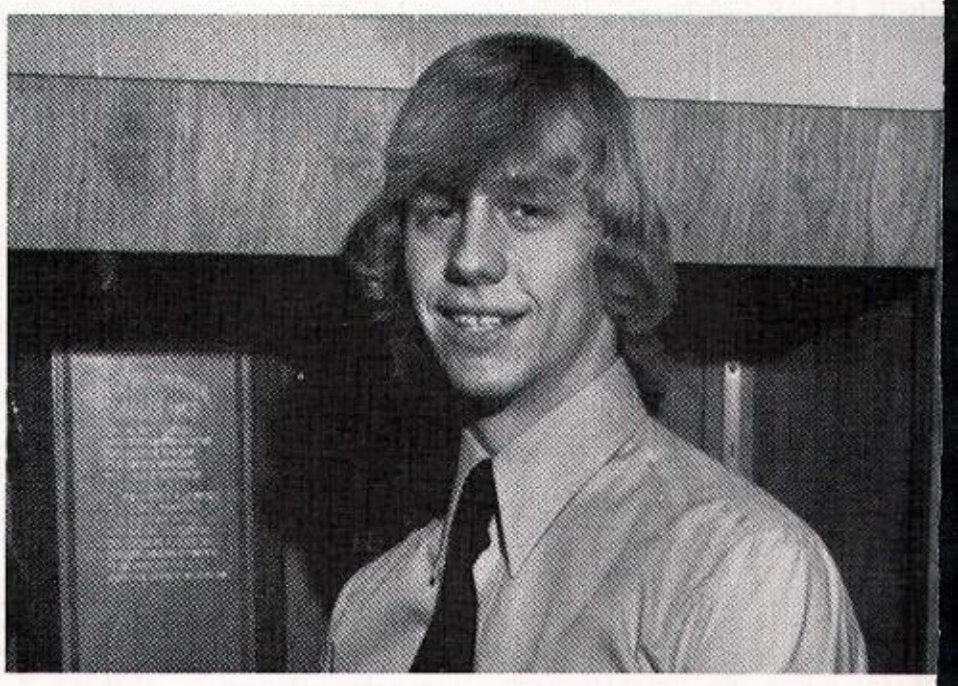
Coaches



Mr. Kosobucki — Athletic Director and Basketball.

Mr. Norm and Mr. Peters — Football.



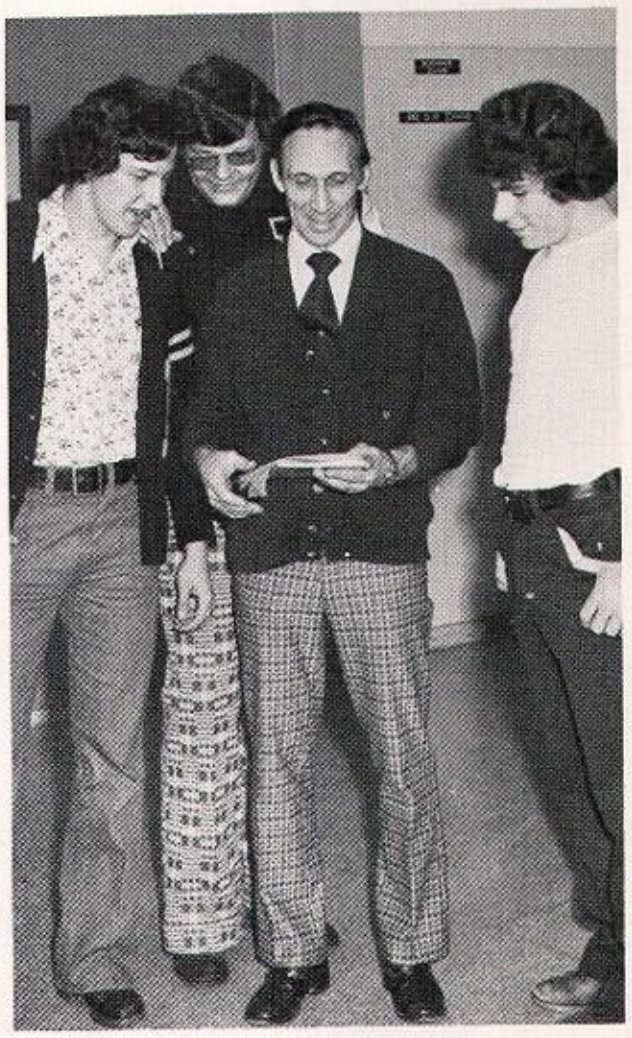
Mr. Odrobina — Cross Country.

Mr. Wagner and Mr. Injaychock — J.V. Football.

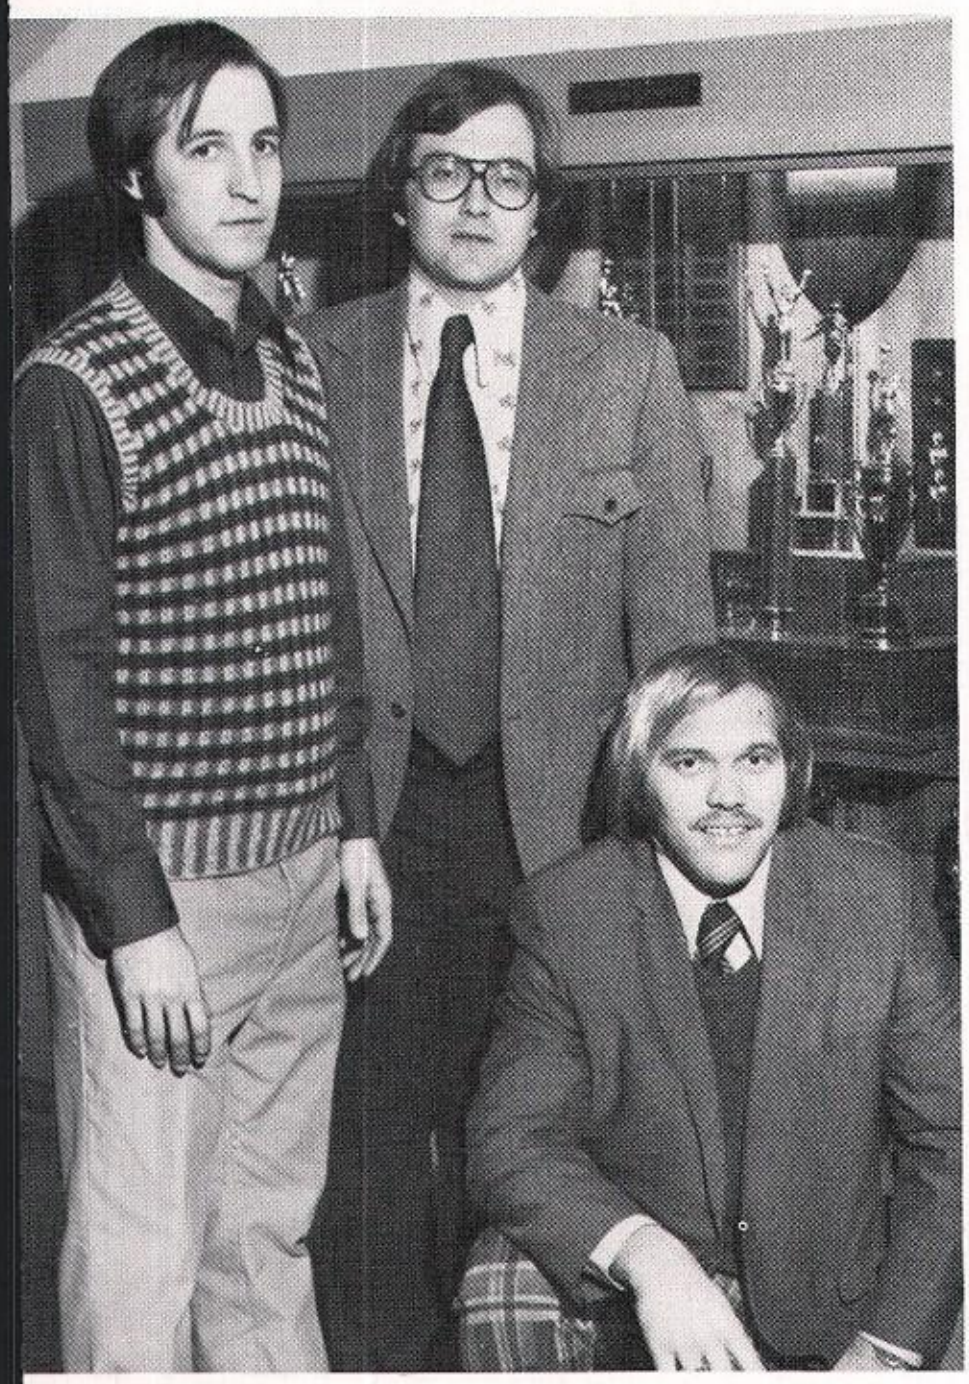
Mrs. Jachimiak — Girls Bowling.

Mr. Odachowski — J.V. Basketball.

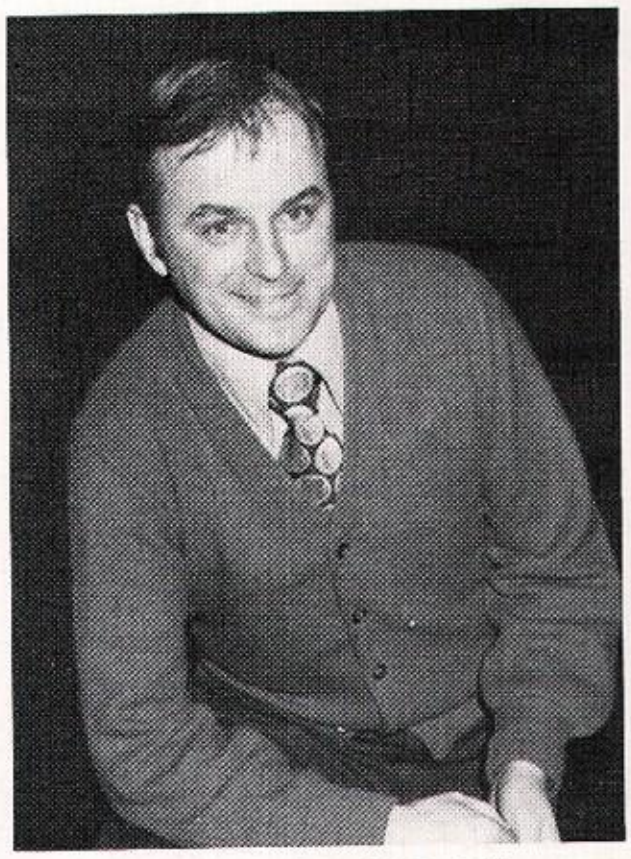
Mr. Radomski and Mrs. Sinclair — Tennis



Mr. Borsuk — Baseball.



Mr. Ratajczak, Mr. Injaychock.
Mr. Peters — Track.



Mr. Andrzejewski — J.V. Baseball.

The lessons which a coach teaches his players through athletics cannot be evaluated by a standard measure. No matter how far a coach reaches out to help an individual, there always seems to be a problem beyond the coach's reach. This is where coaching becomes difficult and where many teams fail. At J.F.K. the coaching staff often reaches out that extra bit to mold the character of the individual, the unity of the team, and the pride of the school.

Cross Country

Top — Bob Klosko, Tom Owczarczak, Matt Grave, Mike Gawron, Ron Schlegel, Mark Urkewich, Bob Ruggiero. *Middle* — Tim Kent, Bob Swaitek, Bill Owczarczak, Don Janik, Doug Junik, Dave Glinski, Dan Tredo, Steve Szatkowski.

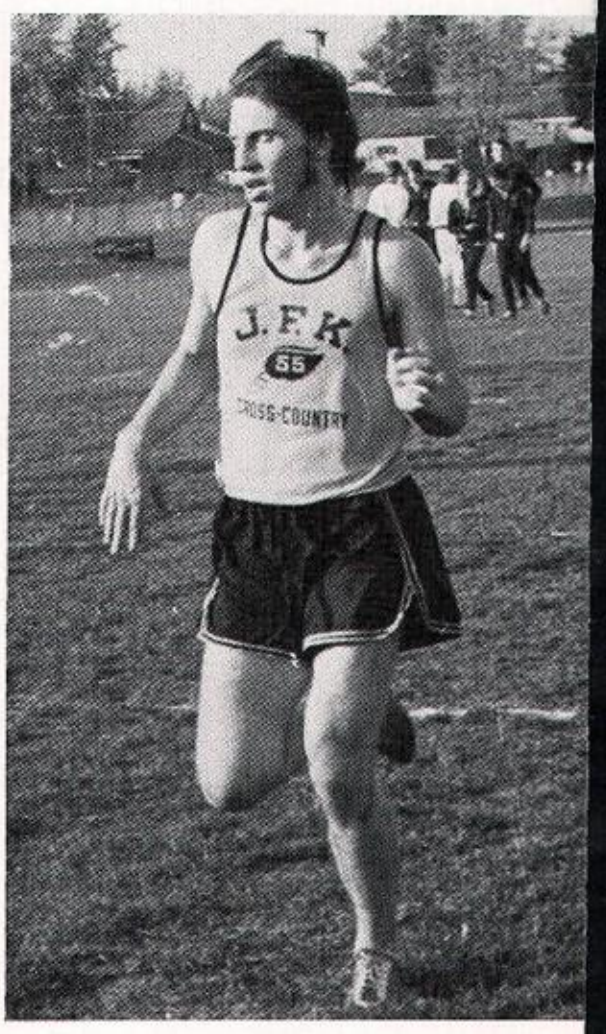
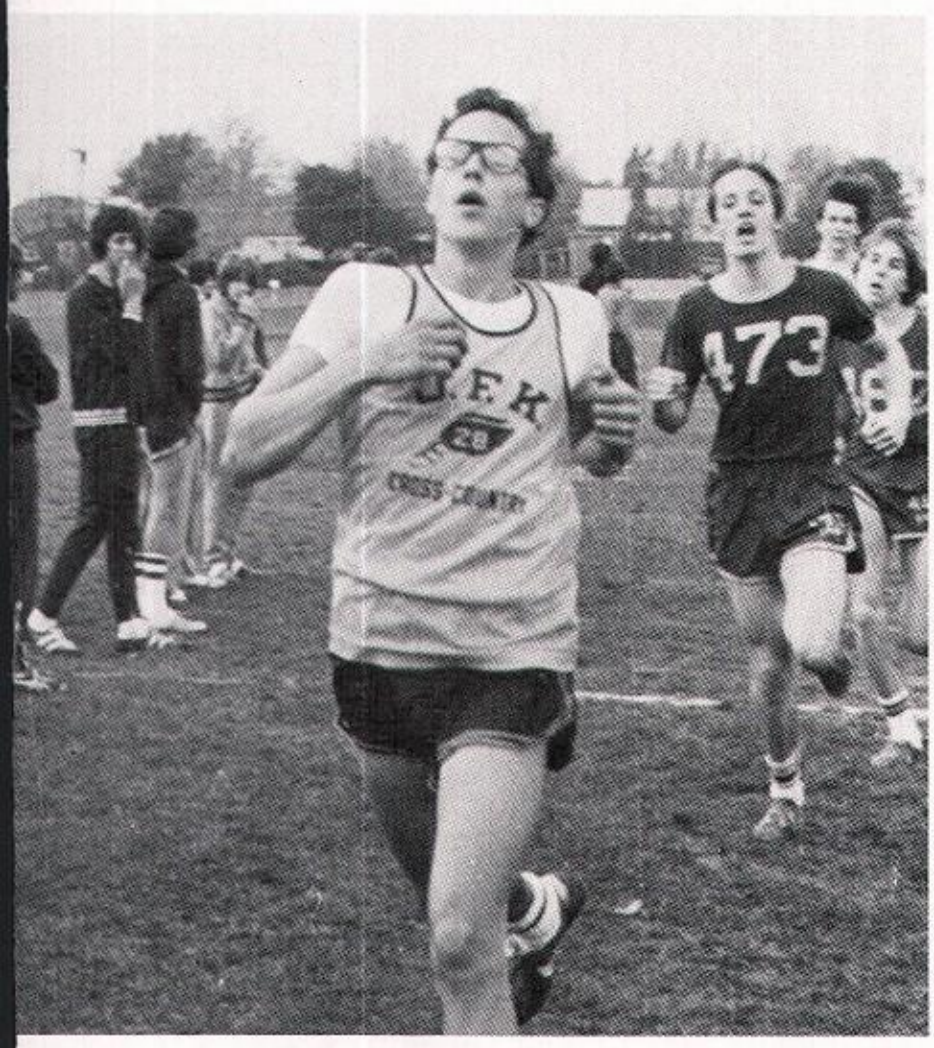
Freshman Ken Michalek opens his lead at Maryvale.



Mark Urkewich psyches up during the race.

Matty Graue sprints for the finish.



Bob Klosko outmaneuvers the pack.

Tom Owczarczak coasts over an open field.

The one word that would best describe the 1975 Kennedy Cross Country team is "new." Under first year coach Mr. Odrobina, the harriers finished with three wins and twelve losses. Carrying only two seniors, co-captains Bob Ruggiero and Mark Urkewich, running a new 2.8 mile course, and being directed by a rookie coach all added to the team's major problem, inexperience. Freshman Ken Michalek brought recognition to J.F.K. by capturing three freshman titles, the Grand Island and Maryvale Invitationals and the E.C.I.C. meet.

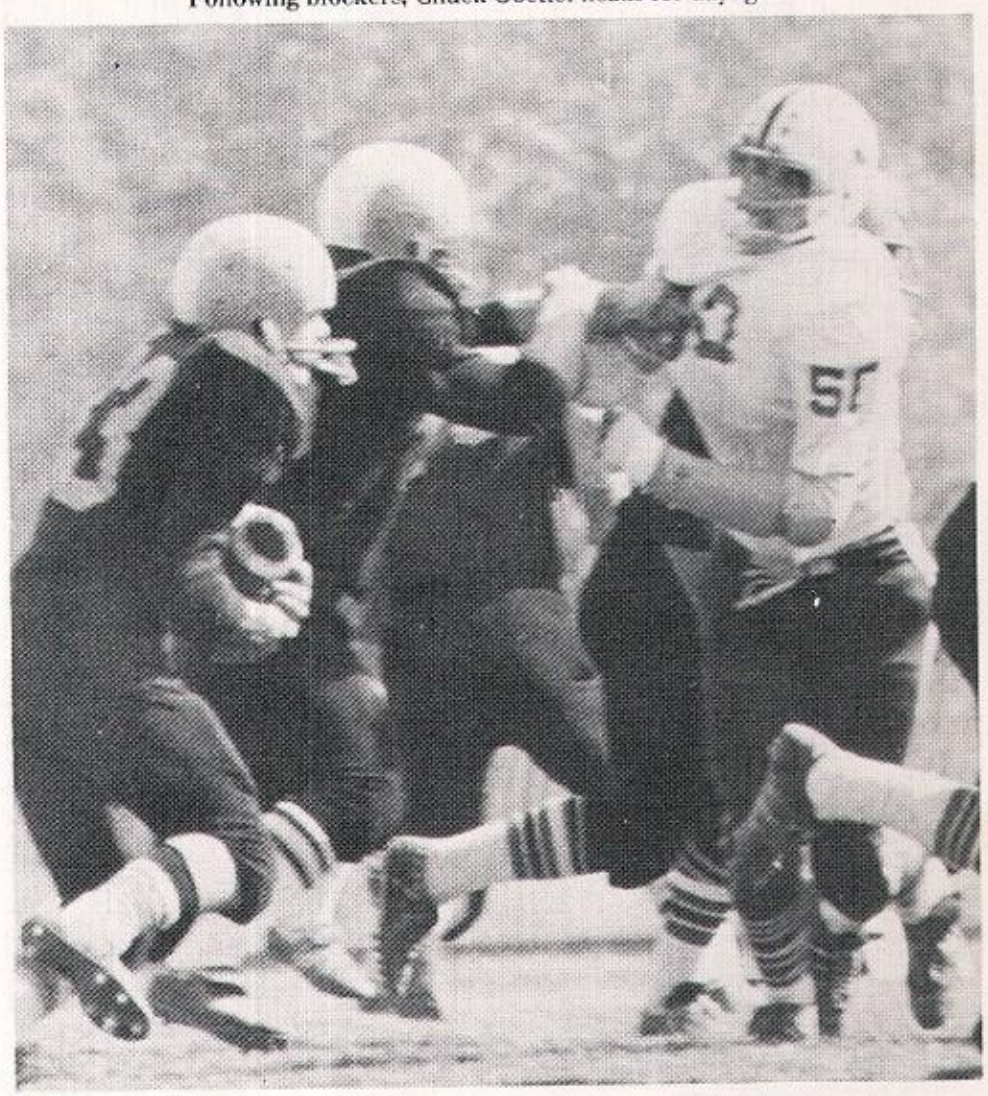
Following blockers, Chuck Goettel heads for daylight.



The Varsity Football team completed a perfect football season in 1975. Recording eight wins, this team will be long remembered because of the manner in which they totally dominated all eight games. Kennedy amassed a total of three hundred twenty one points on the season as compared to only twenty seven for all eight opponents. So overpowering were the Bears that the starting offense and defense rarely was called upon to play in the second half. A poll of sportswriters throughout the state rated J.F.K. second in the state among small schools.

Junior Varsity Football

Quarterback Tony Pijacki lofts a sideline pass.

Greg Mazurczak looks for daylight.

The 1975 junior varsity football team went undefeated in eight starts with only a tie marring a perfect season. Coaches Injaychock and Wagner felt the team's unity was the single most important factor that produced a championship season. The captains were quarterback Tony Pijacki on offense, Greg Majchrowicz on defense, and Ron Benczkowski for the specialty team. Coach Wagner, in his first year of coaching football, joined Coach Injaychock to lead the first undefeated Junior Varsity team in John F. Kennedy's history.

Teammates observe the girls on a sunny day.

History was made at J.F.K. in the fall of 1975 as the first Girls Tennis team took to the court. This was the first female team to inter-scholastically represent the school. Mrs. Sinclair coached the team which finished with a one win, eight loss record. The girls' version of the game contains only one difference that being scorekeeping. A singles player or doubles pair must win eight games to win the match. The best of five matches wins the team match.

Girls Bowling

Standing — Lynn Brauen, Diane Fronckowiak. *Middle* — Jean Sliwinski, Cindy Domagala, Fran Poturalski. *Front* — Cindy Bukowski, Cheryl Dauman, Kathy Gorny.

Above — Kathy Wagner checks over the score.

Girls bowling is a sport being played on an interscholastic basis for the first time at J.F.K. It is unique in the sense that girls will have the chance to represent the school by participating in a sport where the boys have not. The sixteen-member team is divided into four teams of four bowlers, the A team, and the B team, and two teams of alternates. Mrs. Jachimiak coaches the girls who bowl all their games at the Thruway Bowling Lanes.

Varsity Basketball

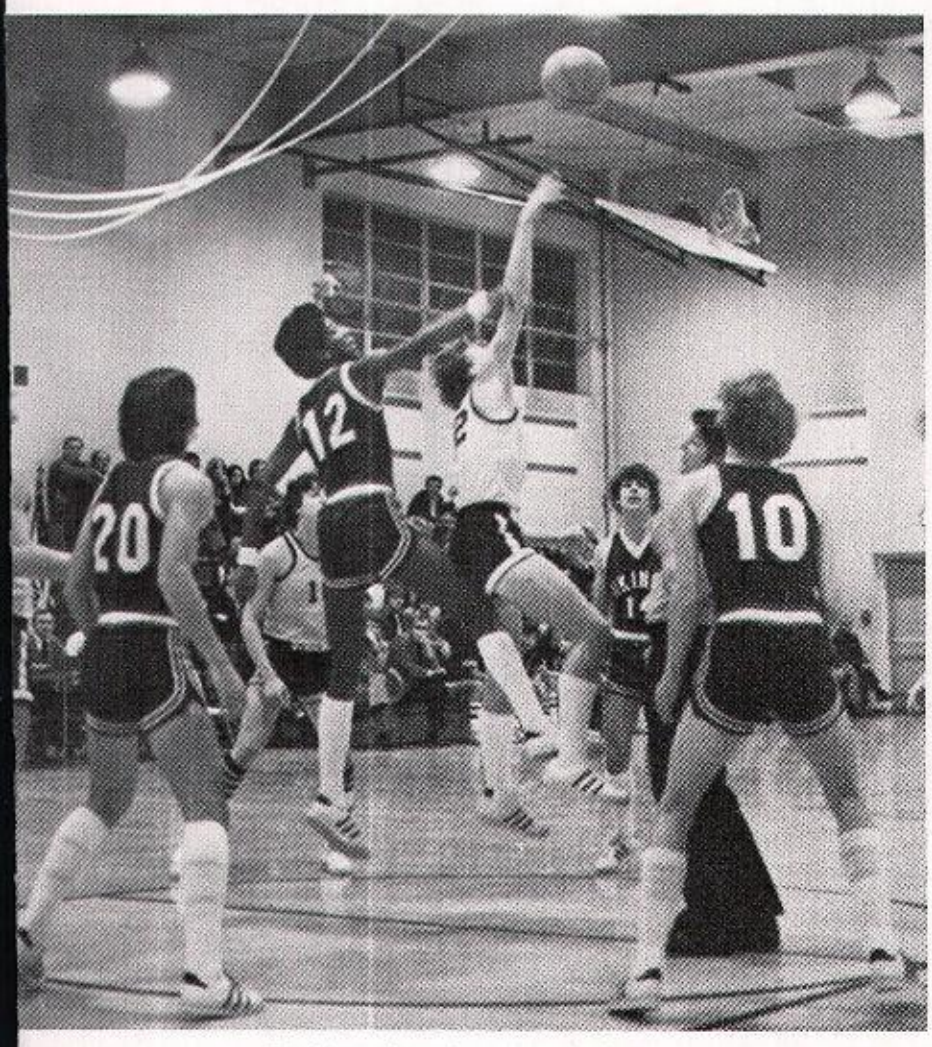
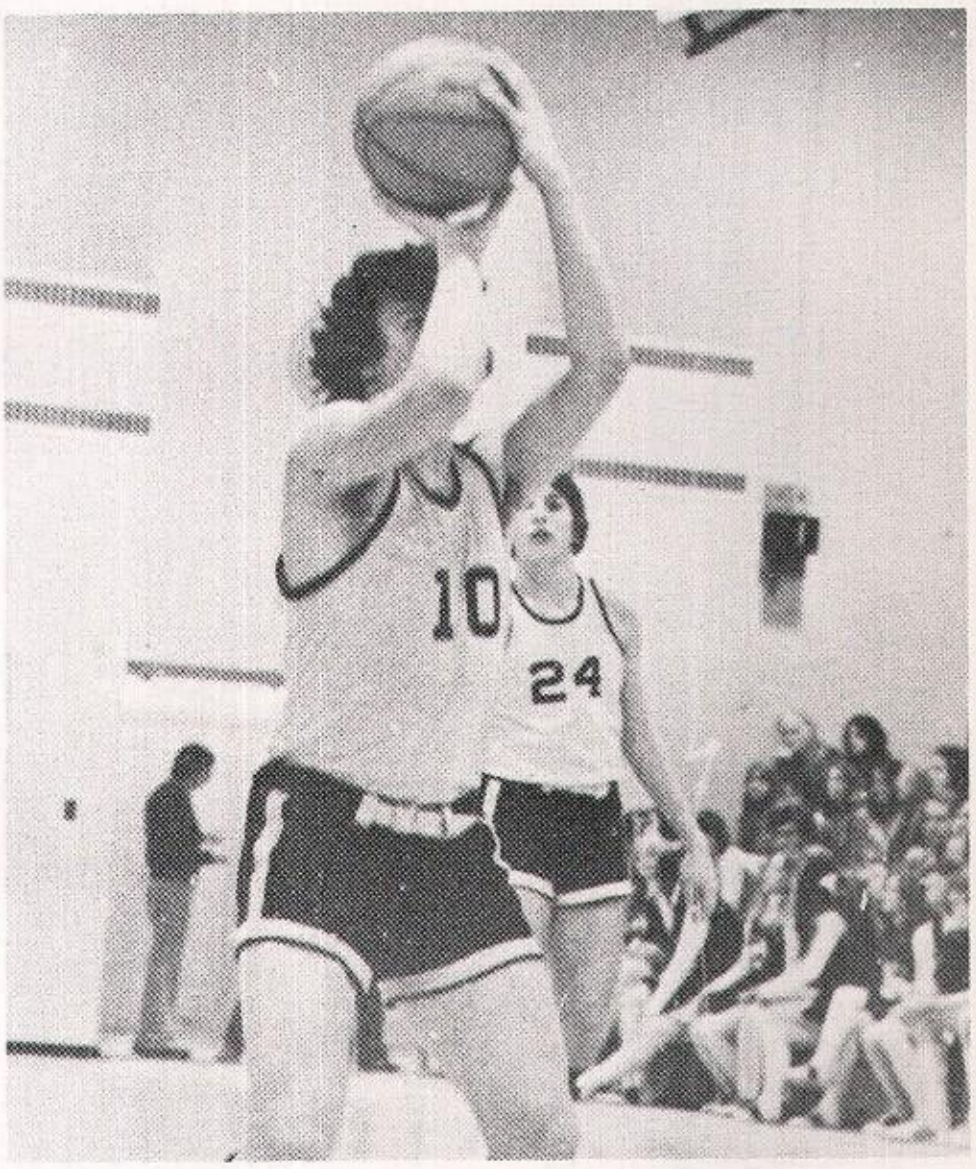
Tom Radziwon drives the lane.



Radziwon leaps for a jump ball.

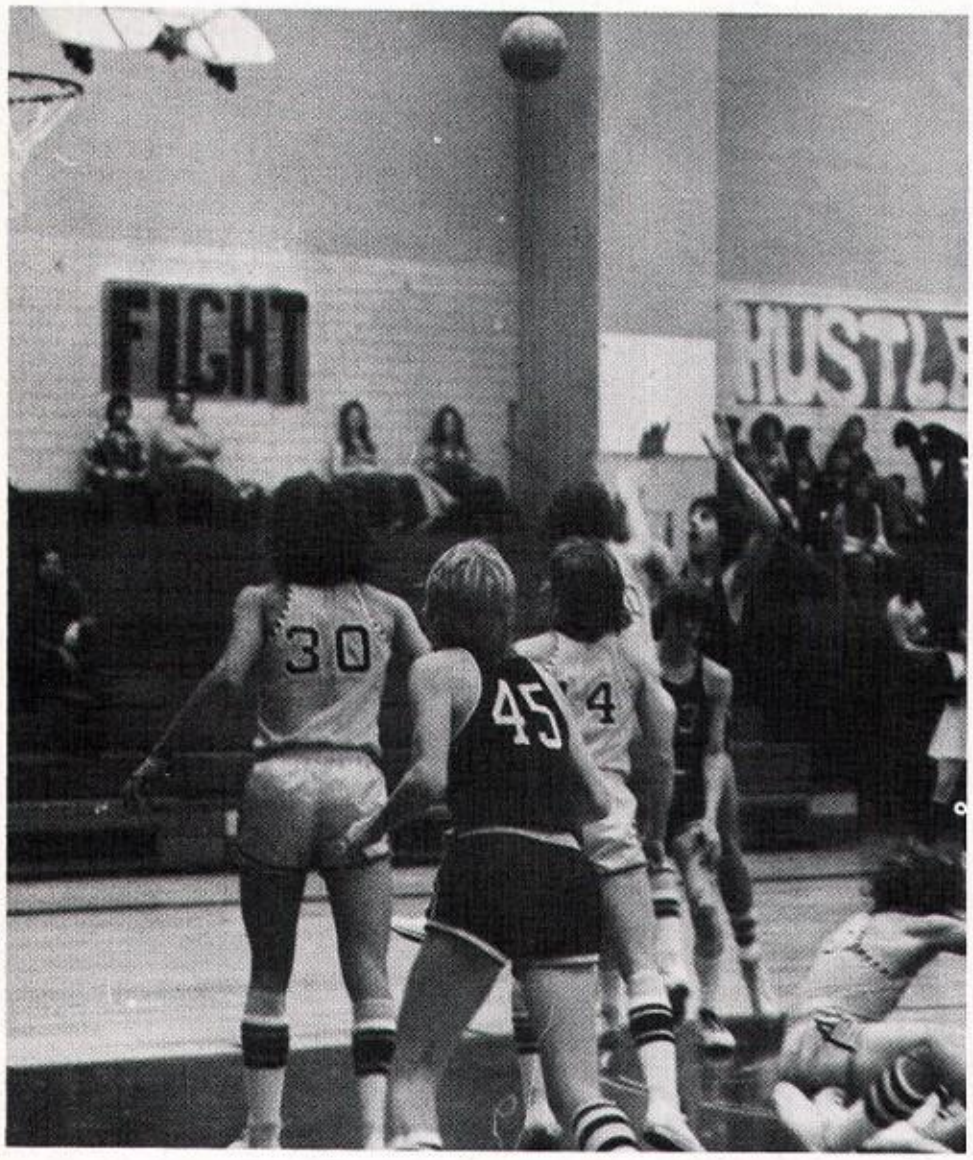
Ron Schlegel shoots from the lane.



Dennis Piatkowski gets ready for a foul shot.

Season after season the J.F.K. basketball bears participate in the sectional playoffs. During the 75-76 season, Kennedy will be playing to defend their Class BB crown. Coach Kosobucki's team, off to a good start this year, took first place in the Cheektowaga Christmas Tournament. Co-captains, Dennis Piatkowski and Tom Radziwon, have been providing the scoring punch. The team is usually smaller than its opponents but because of their team style, play has overcome this problem. If the bears can maintain their winning pace, they will be looking forward to another attempt at the Class BB championship.

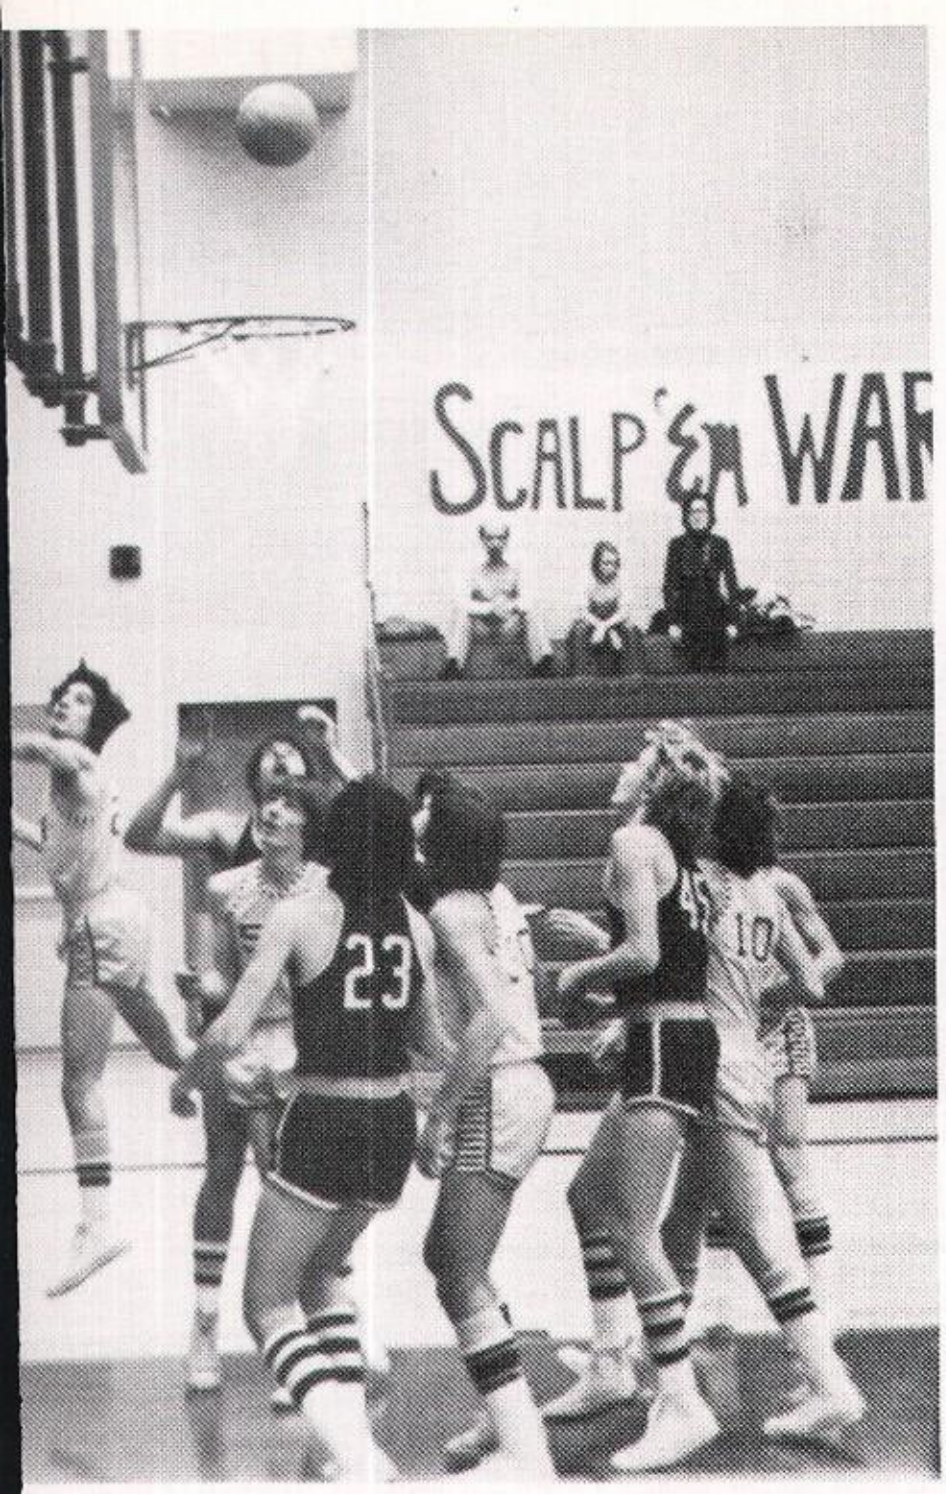
Junior Varsity Basketball



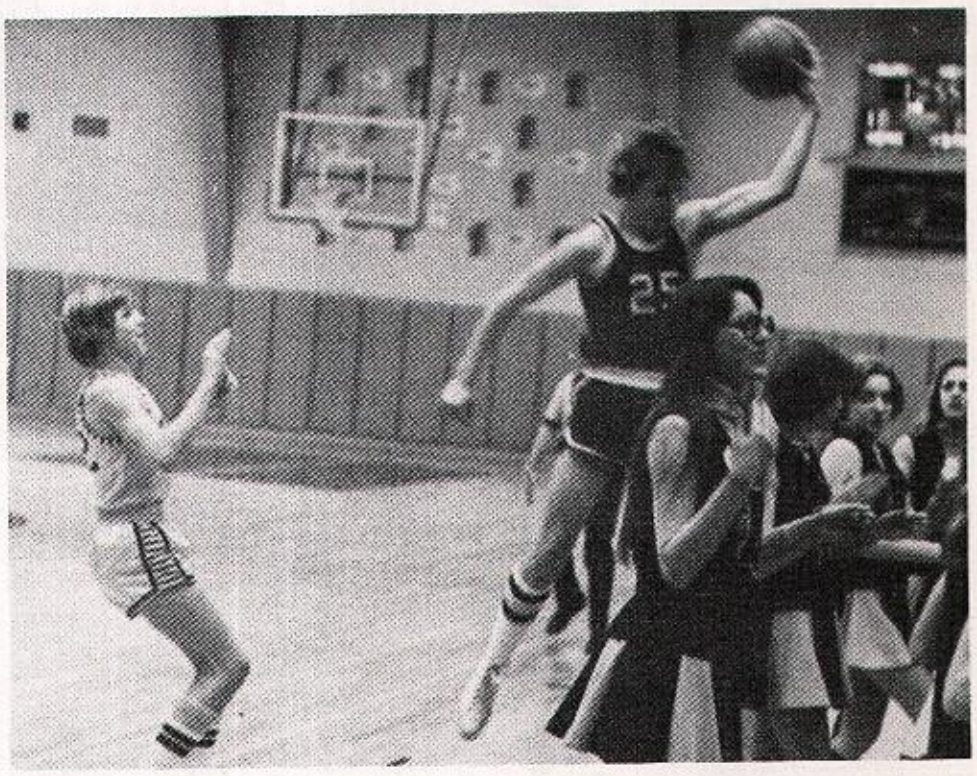
Tony Pijacki takes a jumper.

Gary Szymkowiak hustles after loose ball.

Two points for J.F.K.



The Bears position themselves for a rebound.



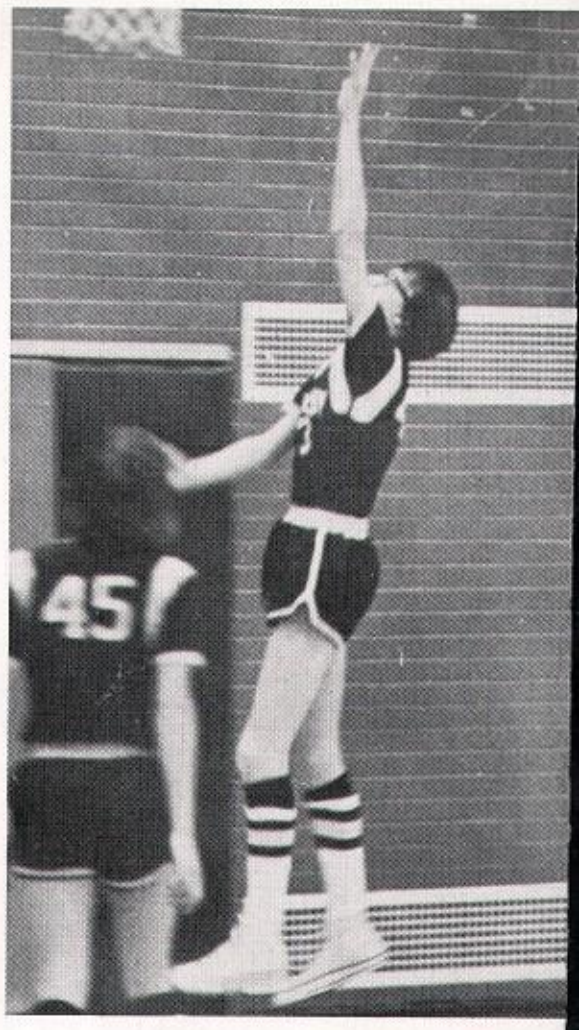
Tim Bajdas saves a stray pass.

ding — Bernie Wojtkowiak, Gary Garbacz, Mike Babitzs, Greg Mazurczak, Leo nek, Gary Sroka, Tony Pijacki. *Kneeling* — Ron Angierski, Doug Junik, Gary nkowiak, Tim Bajdas.

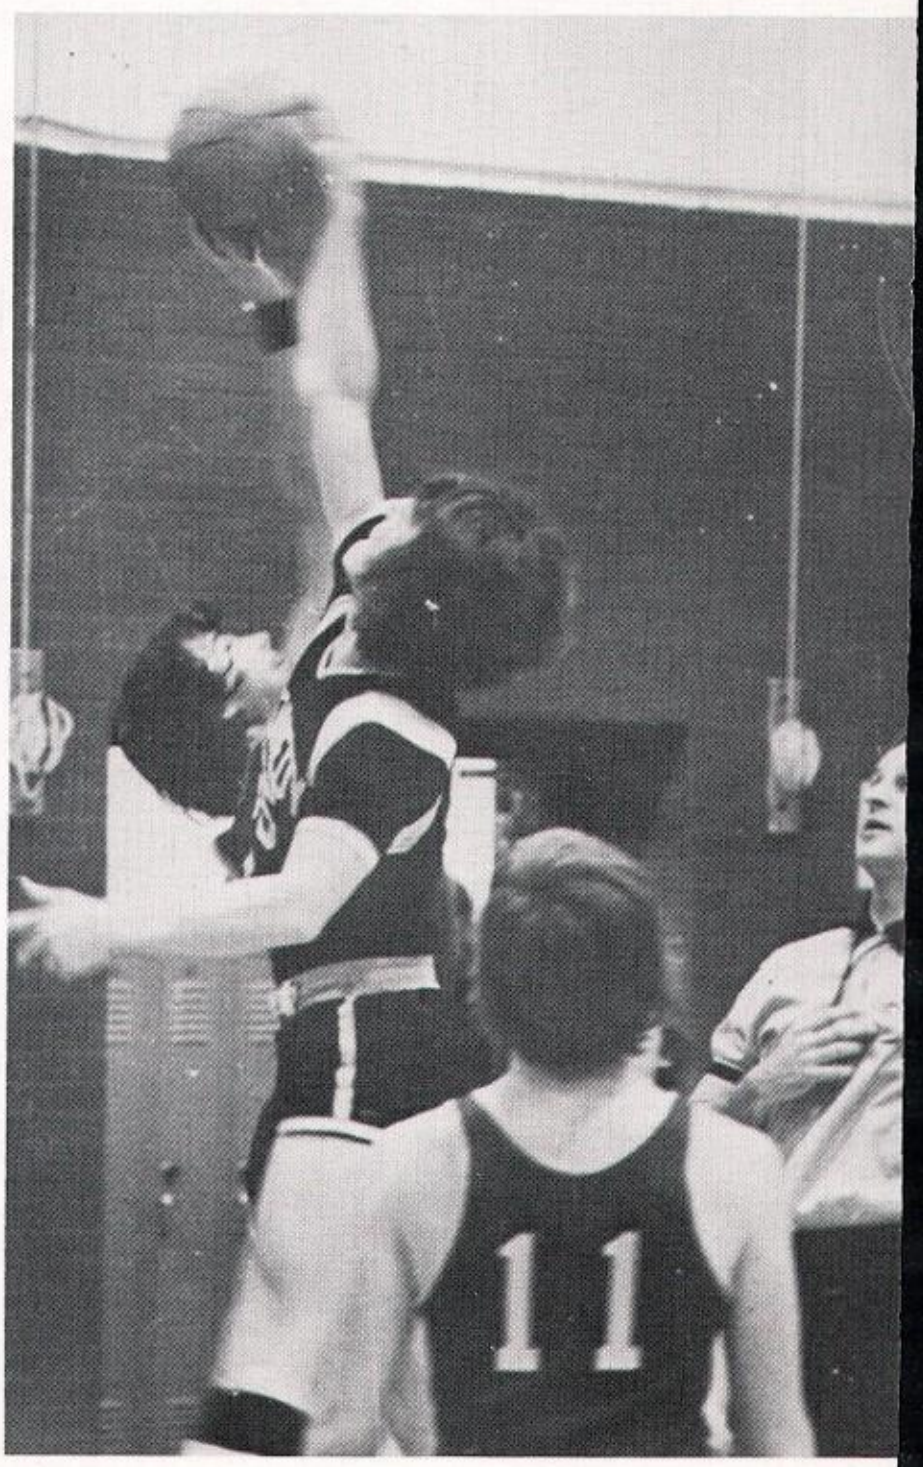
The 1975-76 Junior Varsity basketball team enjoyed a good start by winning the Christmas Tournament at Cheektowaga. Mr. Odachowski has an unusually large number of freshmen on the team. Out of the five starters, three are freshmen. They are Tony Pijacki at center, Gary Sroka at forward and Gary Szymkowiak at guard. Sophomores Doug Junik and Leo Lelonek round out the starting team.

Freshman Basketball

Below — Coach Wagner leads a prayer.
Right — Ken Michalek jumps for a lay-up.

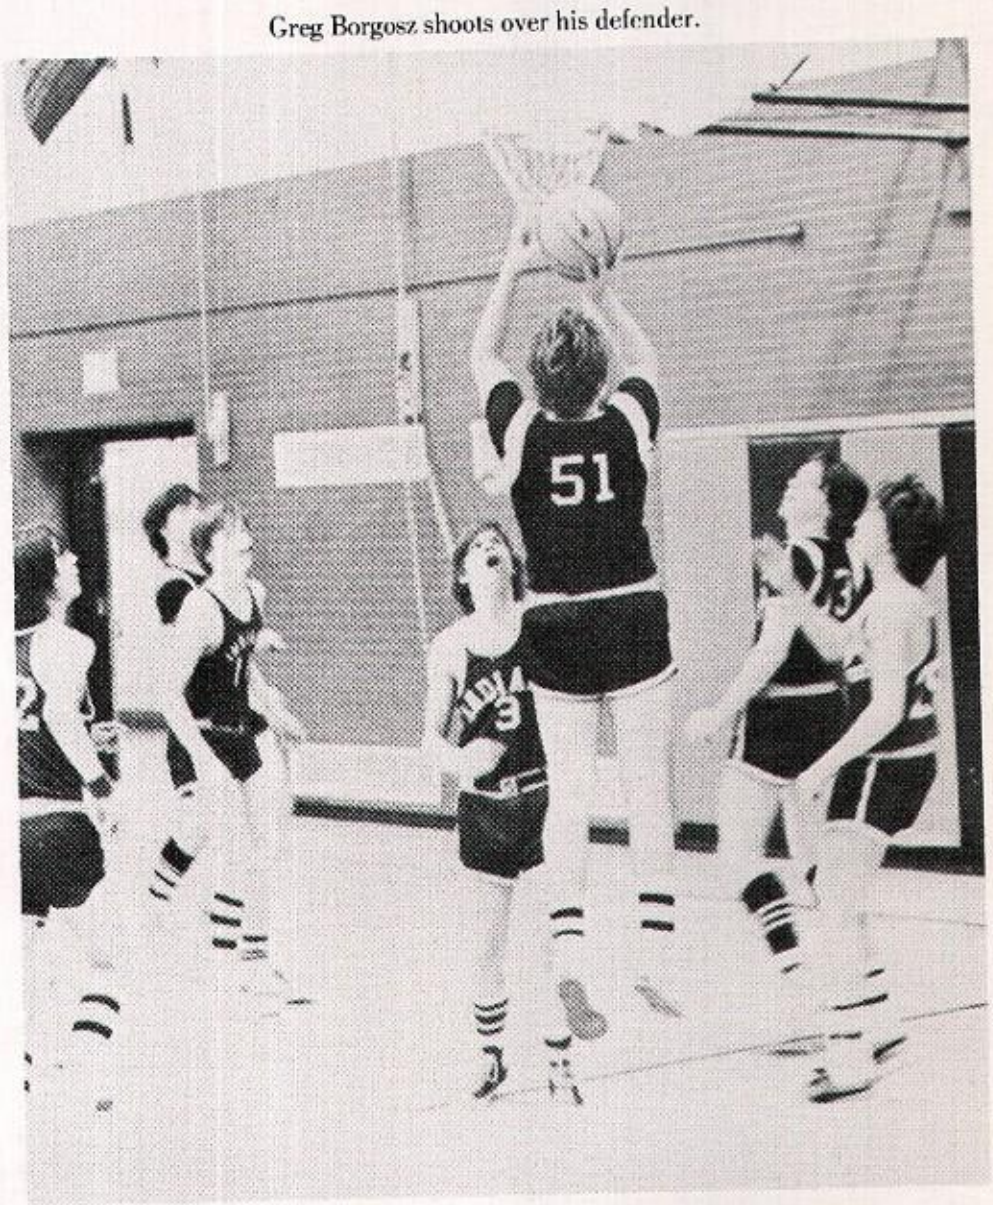


Standing — G. Szymkowiak, G. Borgosz, T. Wanderlich, D. Wagner, M. Torgalski, K. Michalek. *Kneeling* — K. Pilarski, M. Popiela, J. Olday, M. Odojewski.
Right — Kennedy wins a jump ball.



Joe Olday tries a jump shot.

Greg Borgosz shoots over his defender.

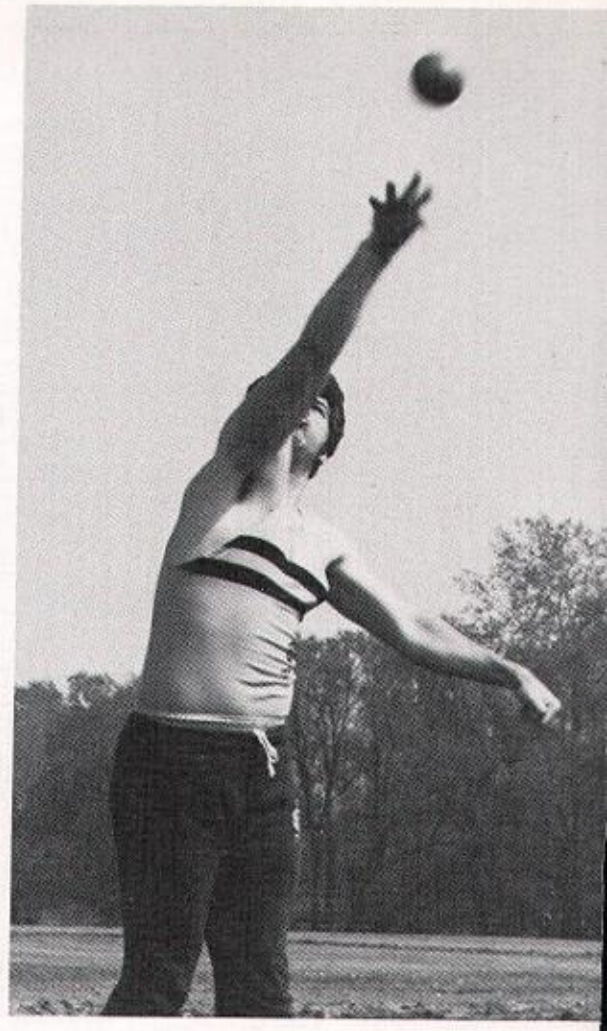


Toby Wanderlich from the foul line shoots two.

Freshman Basketball Coach, Mr. Wagner, has perhaps the most difficult coaching job of any member of the J.F.K. coaching staff. He develops eighth and ninth grade individuals into one organized team. Starting these youngsters with a good attitude towards athletics will not only help the team but the individual as well. Although his '74-'75 Freshman team finished with only one loss, one must also consider the great success of the J.V. and Varsity teams to fully appreciate Coach Wagner's work.

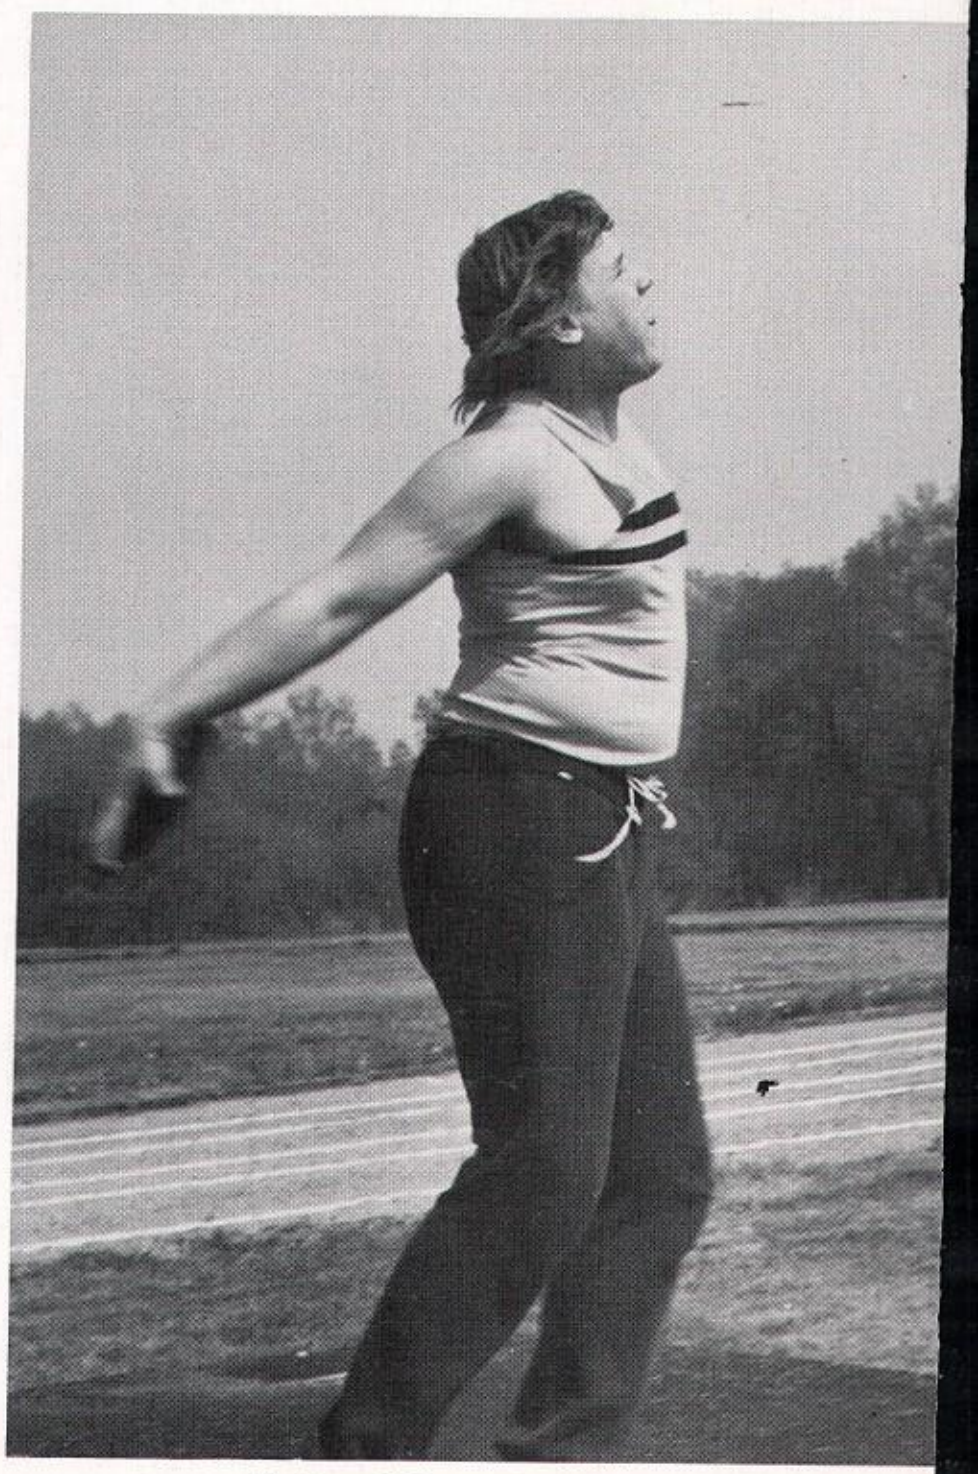
Track

Dave Glinski flops over the bar.



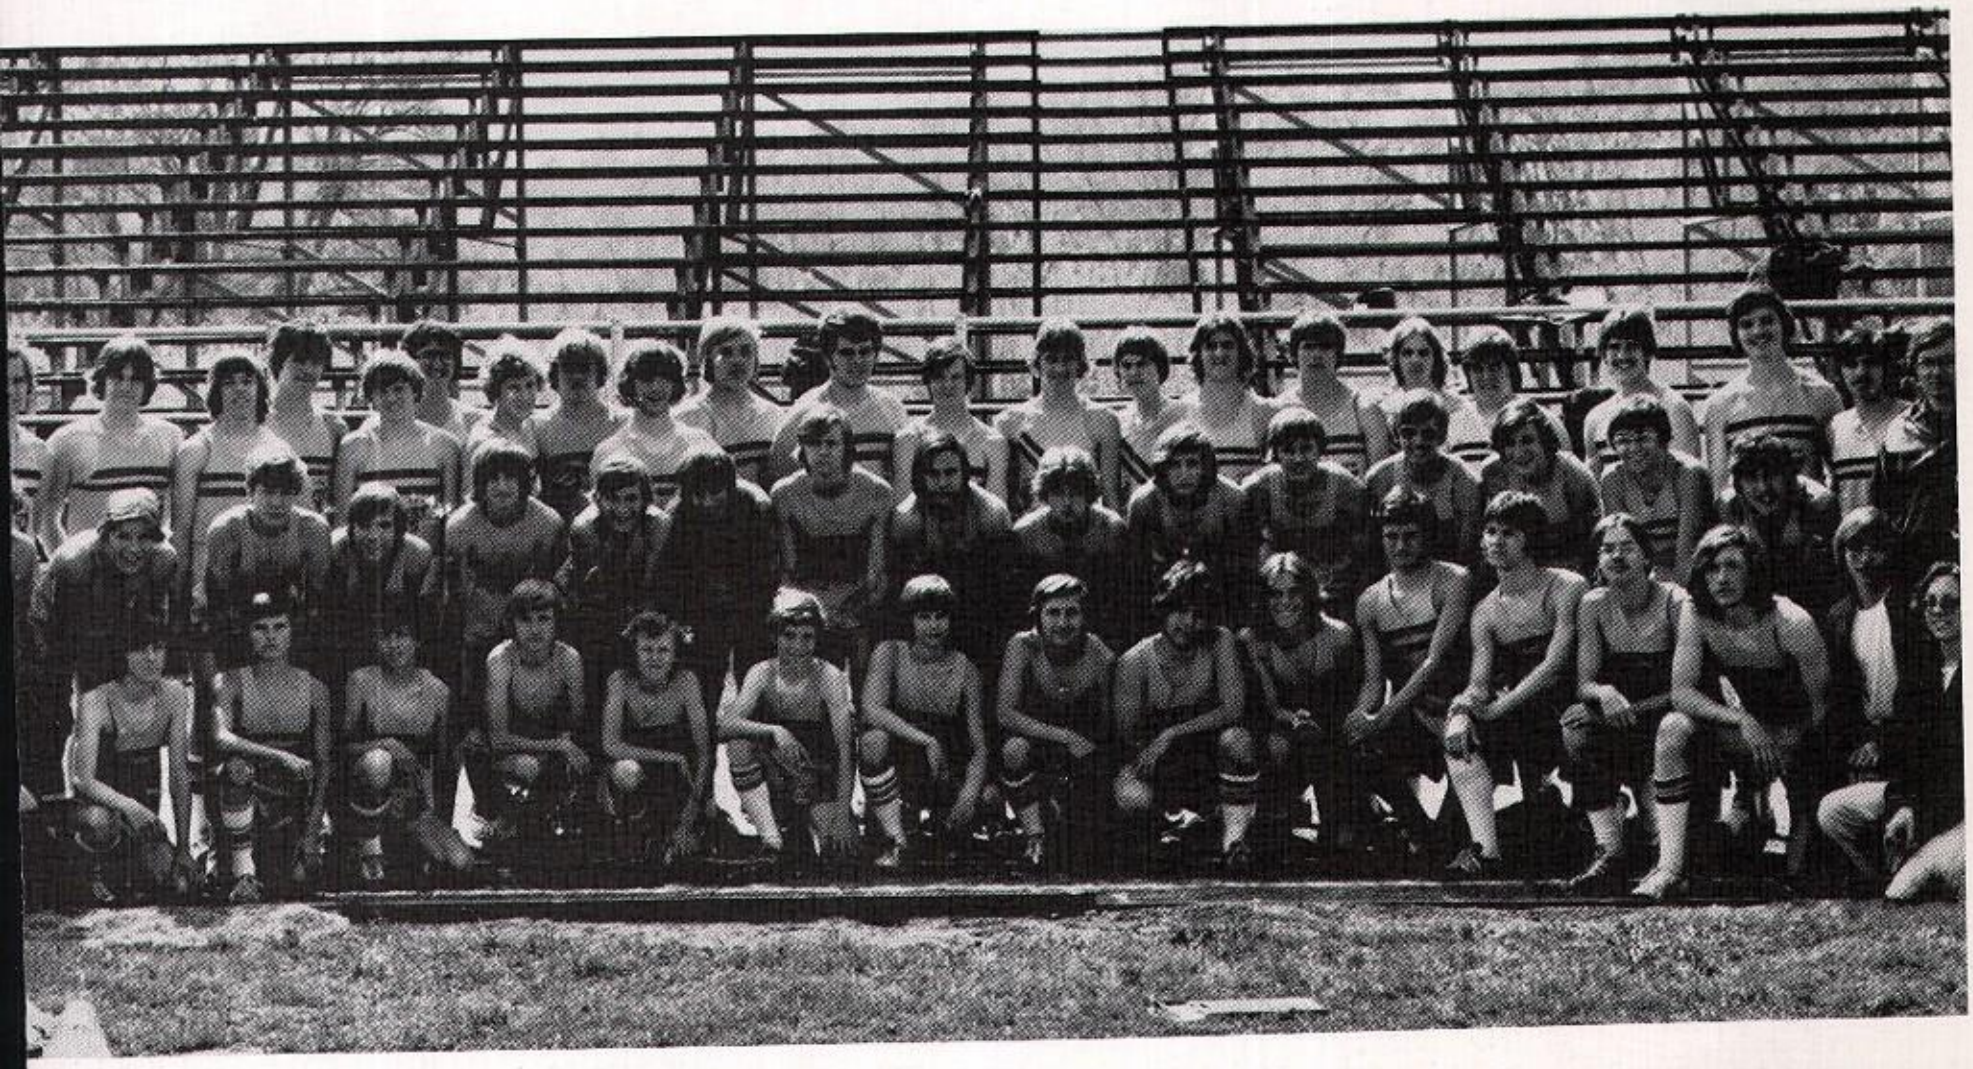
Knoof sets record at 51'3".

Jim Stefaniak demonstrates his record setting form.



Freshman Al Glagowski hurls the discus.

ding — John Ortolf, John Saccone, Jim Stefaniak, Tom Leszkowicz, Mike Machi-ki, Steve Gorganiuk, Matt Graue, Leo Lelonek, Tom Owczarczak, Greg Selonek, Knoof, Wayne Sojka, Bob Sroka, John Szalasny, Ken Miller, Mike Rechin, Rich hlopec, Al Glagowski, Bob Malinowski, Jim Ickowski, Gary Warren. *Crouching* Bob Klosko, Ken Kubala, Doug Junik, Jeff Piechowiak, Bob Zielonka, Bob Harezga, Bob Ruggiero, Tom Kittell, Paul Kittell, Gary Slawiak, Tim Odrobina, Ken Benczkowski, John Michalek, Mike Kelly. *Kneeling* — Donna Blajszczak, Ron Benczkowski, Bob Swiatek, Mark Zielonka, Tim Kent, Bill Owczarczak, Doug Zak, Steve Deutch, Joe Cipressi, Joe Grys, Dave Glinski, Duane Ratajczak, Bob Herdzik, Dan Zajac, Gary Broda.



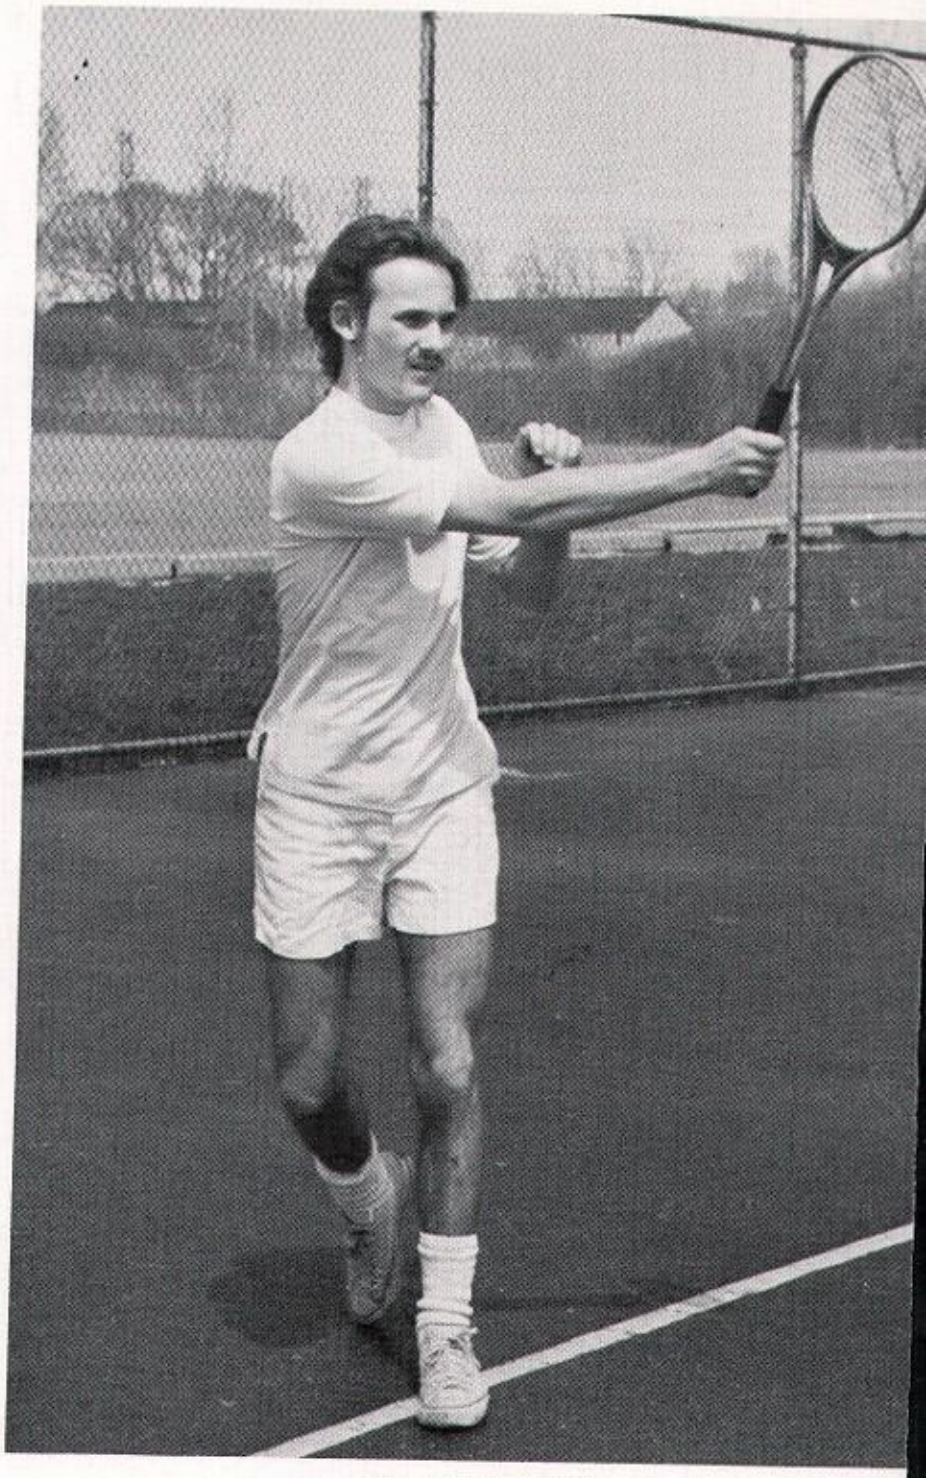
Dan Zajac, Bob Ruggiero sprint for the finish.

J.F.K. sprinters prepare for race.

The record, four wins and five losses, is usually the mark of a mediocre team, yet the 1975 track team established five records. Fred Knoof broke his own record in the shot put of 49 feet establishing a new mark at 51 feet 3 inches. Gary Warren shaved a tenth of a second off the 100 yard dash record setting the new mark at 10.4 seconds. Ken Miller outdistanced the mark of Jim Binkowski in the triple jump making the record 45 feet 3 inches. Jim Stefaniak's 43.8 second in the 330 yard intermediate hurdles topped the old record by 1.3 seconds. Coaches Peters, Ratajczak, and Injaychock expect next year's team to accomplish even greater goals.

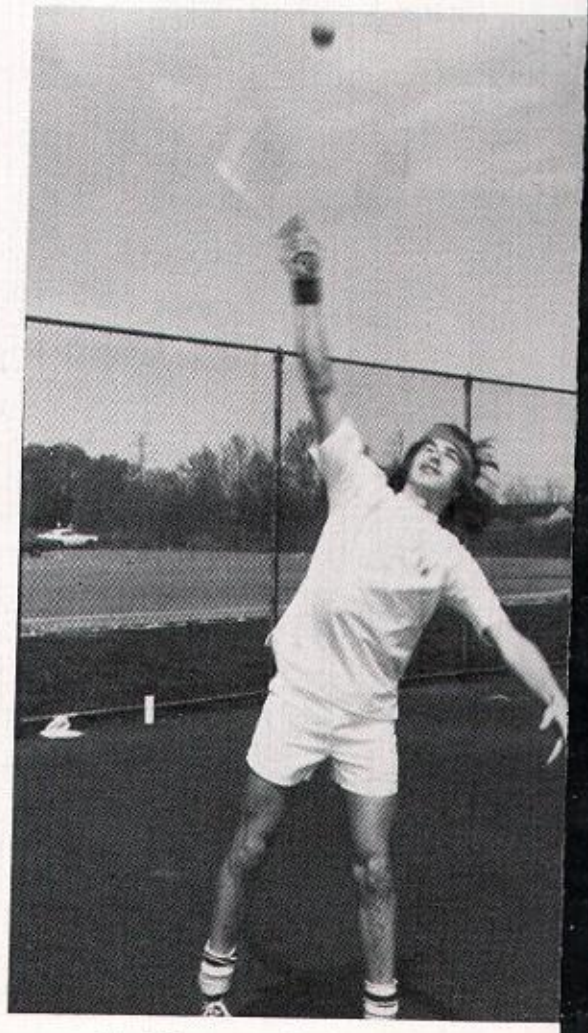
Tennis

The team's seniors confer at center court.



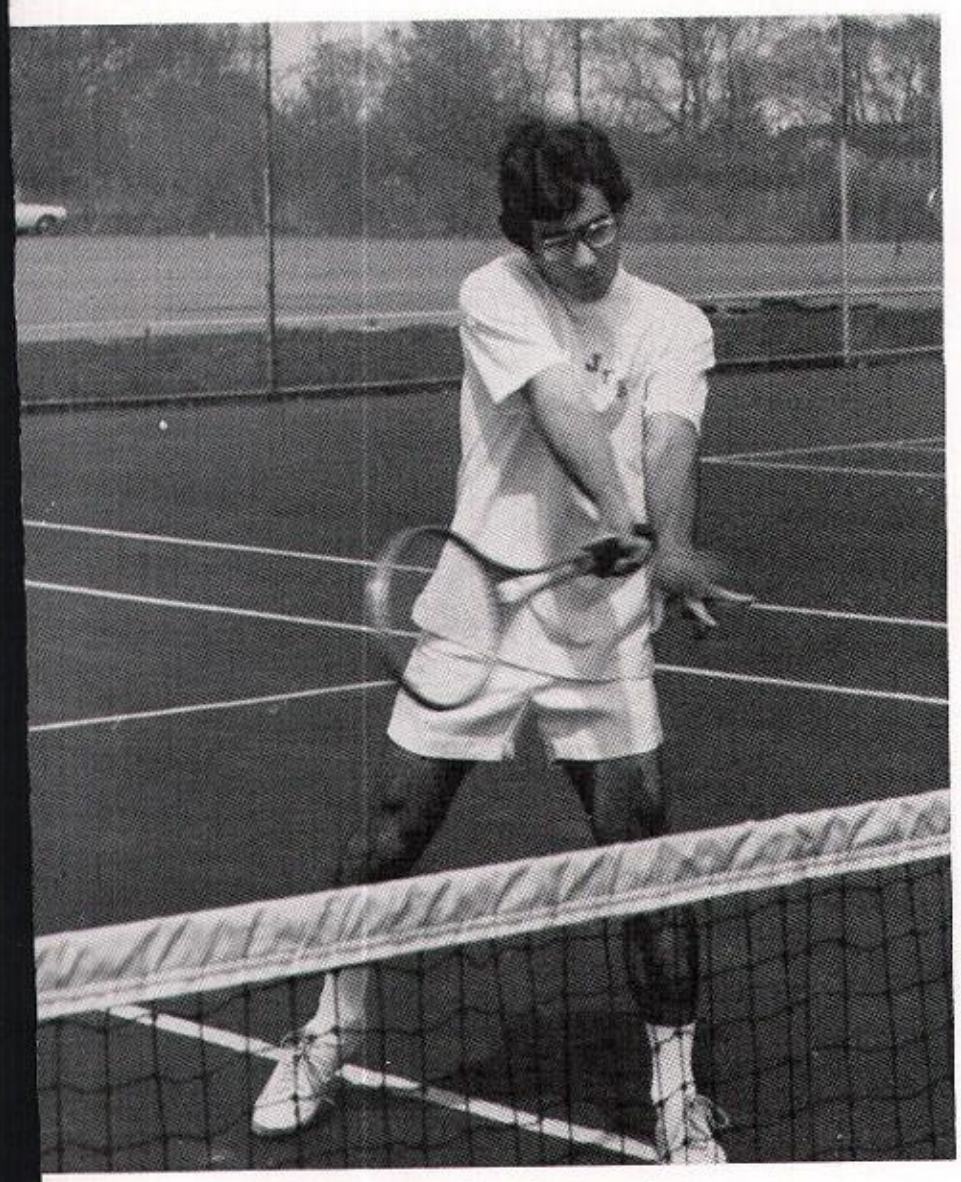
Ken Marshall shows his form.

Standing — Mark Obarka, Ken Kowalski, Peggy Riedel, Denise Giras, Laura Piontek, Donna Kircsh, Coach Radomski, Mike Glinski. *Kneeling* — Kevin Koscieliak, Todd Meyers.



Paul Young puts his heart into a serve.

Paul Young, Ken Marshall, Mike Incorvia, Jim Koscki, Dave Maj, Jim Janik, Bob Rogers, Larry Perlino, Coach Radomski, Bob Pajak.

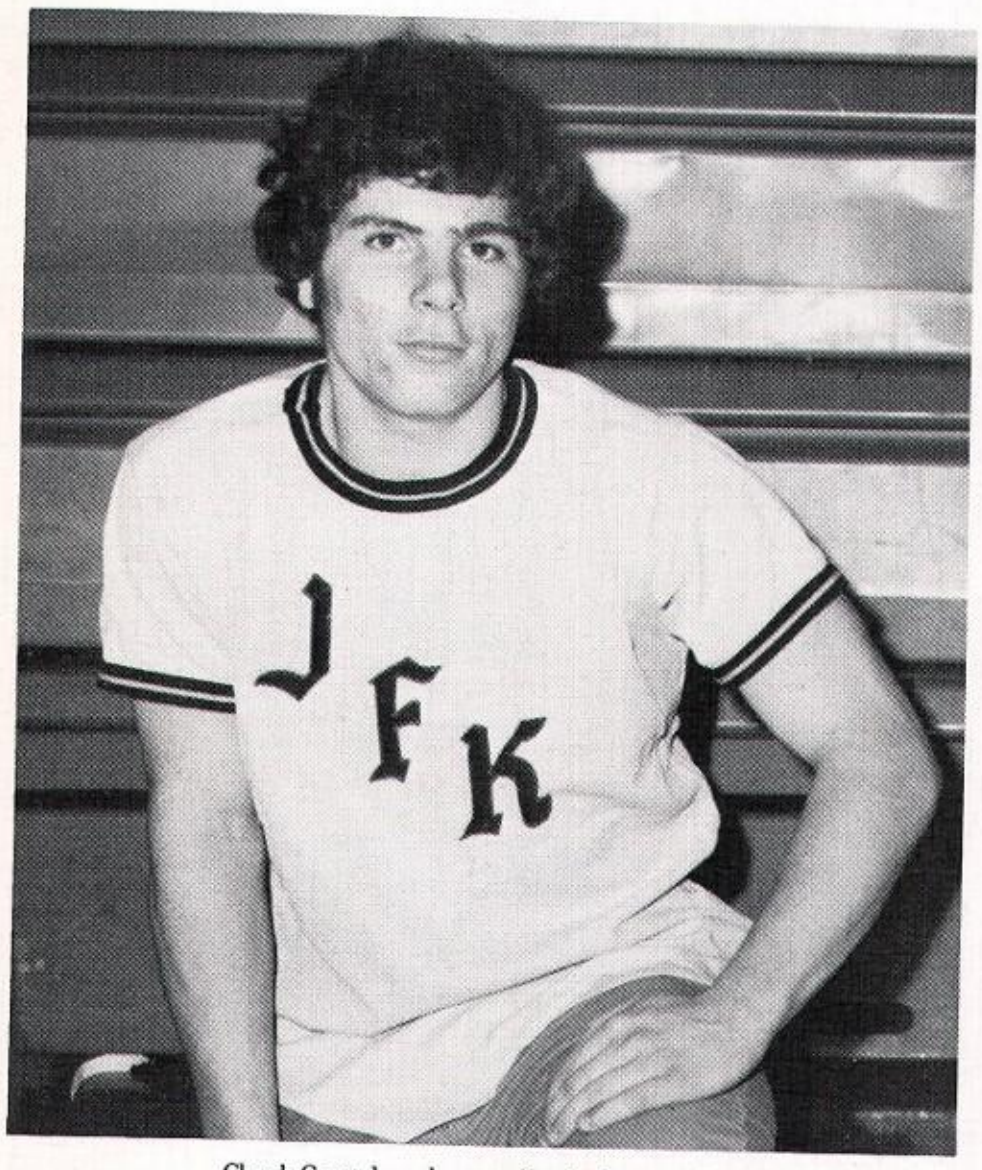


Larry Perlino handles a forecourt shot.

Bob Pajak follows through with a backhand.

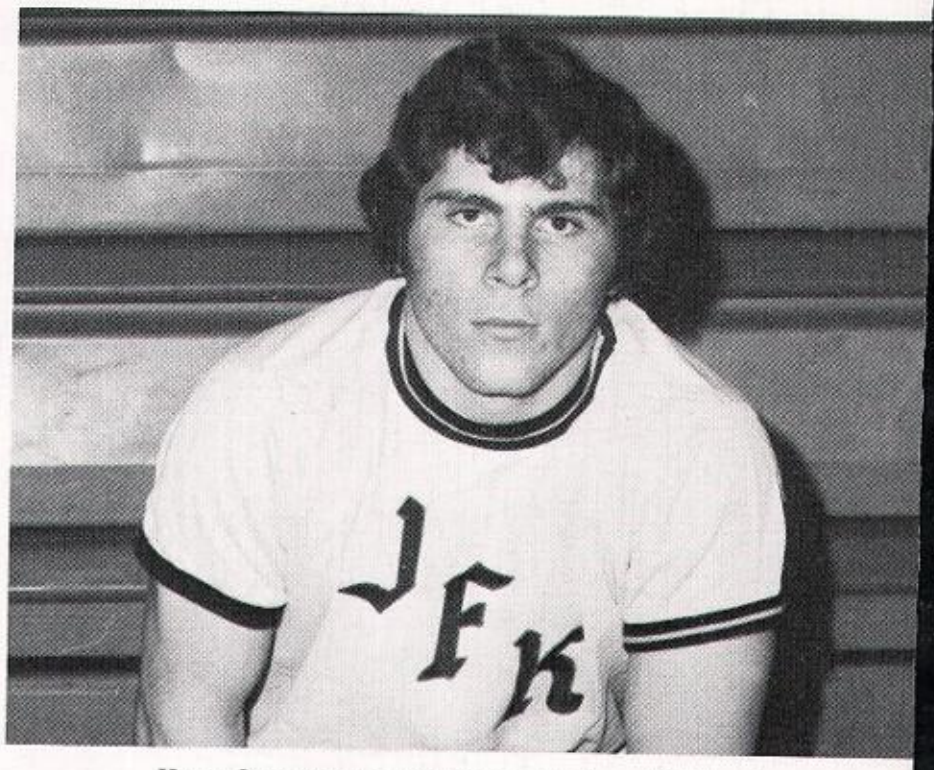
The sport of Tennis has been gaining popularity in recent years, but at J.F.K. tennis has been traditional. Last year's record of 5 wins and 5 losses was not indicative of the team's talent. Most Valuable Player, Bob Rogers, faired well against good competition at first singles. Coach Radomski has speculated that next year's team will improve their previous record due to the promising underclassmen.

Varsity Baseball



Chuck Goettel used as an effective base stealer.

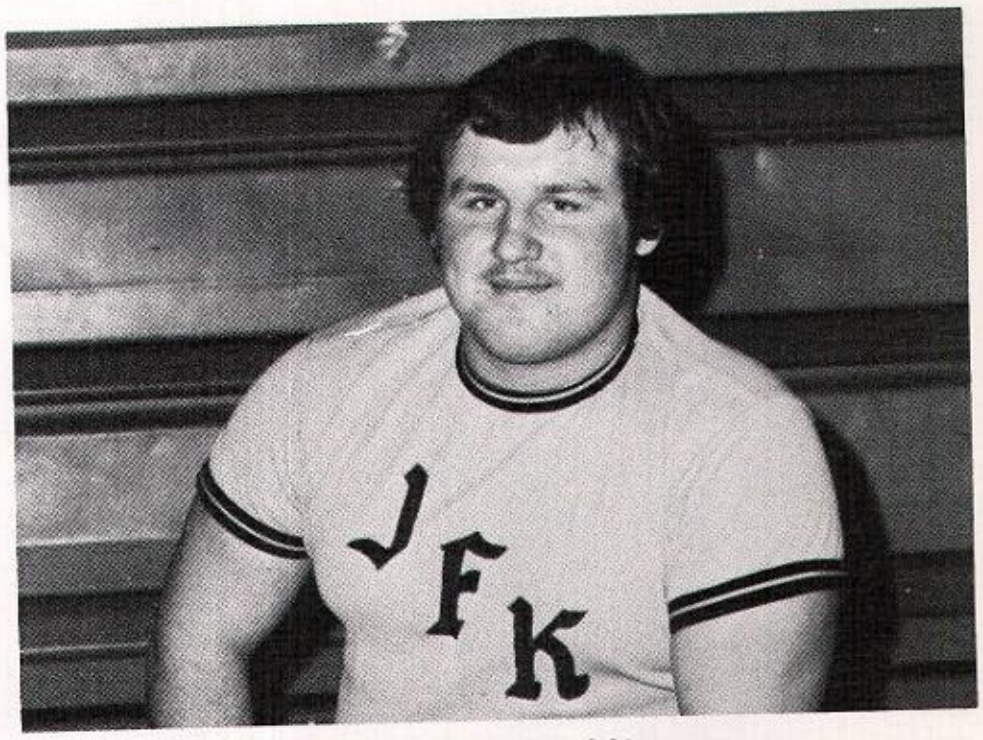
Mike Caggiano, sidelined by a broken wrist, coached first base.



Henry Goettel, famous for his spectacular outfield catches.

Back row — Frank Piacenti, Tim Hoffman, Dennis Piatkowski, Mike Ickowski, Tom Radziwon, Ken Beback, Jim Hellems, Phil Czechowski, John Stachewicz, Len Switkowski. *First row* — Mike Caggiano, Mark Przybylak, Chuck Goettel, Hank Goettel, John Klosko, Joe Kaminski, Mark Zalemski, Bill Rieck.

Shortstop, Bill Rieck, was the only left hand batter on the team.



Mark Przybylak — pinch hitter.

The Varsity Baseball team finished with a record of eighteen wins and seven losses. They entered the Class BB playoffs and reached the finals by defeating Lafayette and East Aurora. In the finals, Grand Island squeaked out a one to nothing victory. Sophomore pitcher, Mike Ickowski, and senior Frank Piacenti were chosen for the Division III All-Star team. The most valuable player award was given to pitcher Tim Hoffman.

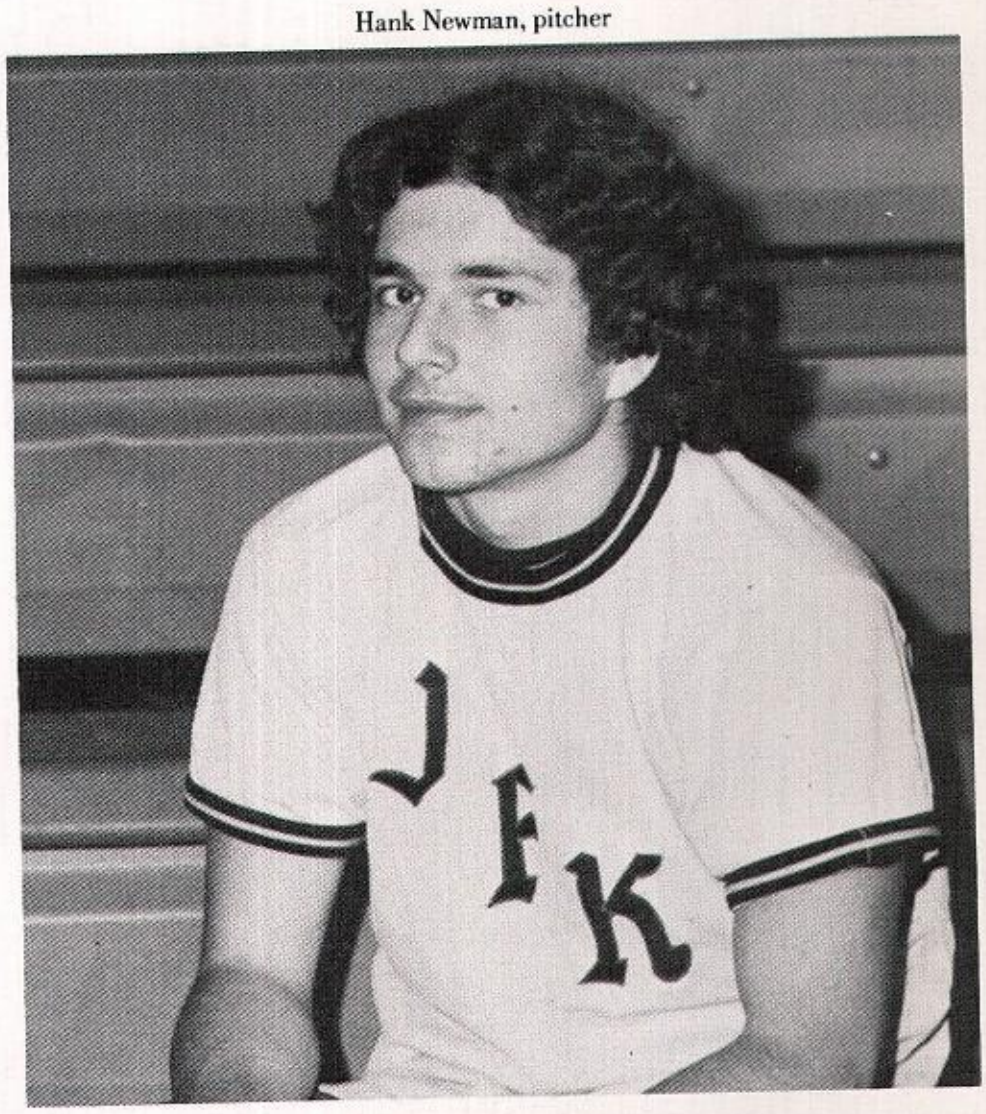
Hank Newman, pitcher



Tony Stewart, catcher

The 1975 Junior Varsity Baseball Team finished in first place with an eighteen win, two loss record. This mark was the best record ever attained by a J.V. baseball team at Kennedy. Coach Andrzejewski stated that this group of boys were hard workers and quick learners with good baseball sense, making for a very coachable team. Pitchers Henry Newman, who threw for nine wins, and Greg Garbacz, who threw for five wins, went the season undefeated. Tim Bajdas led the team in hitting with a .400 batting average.

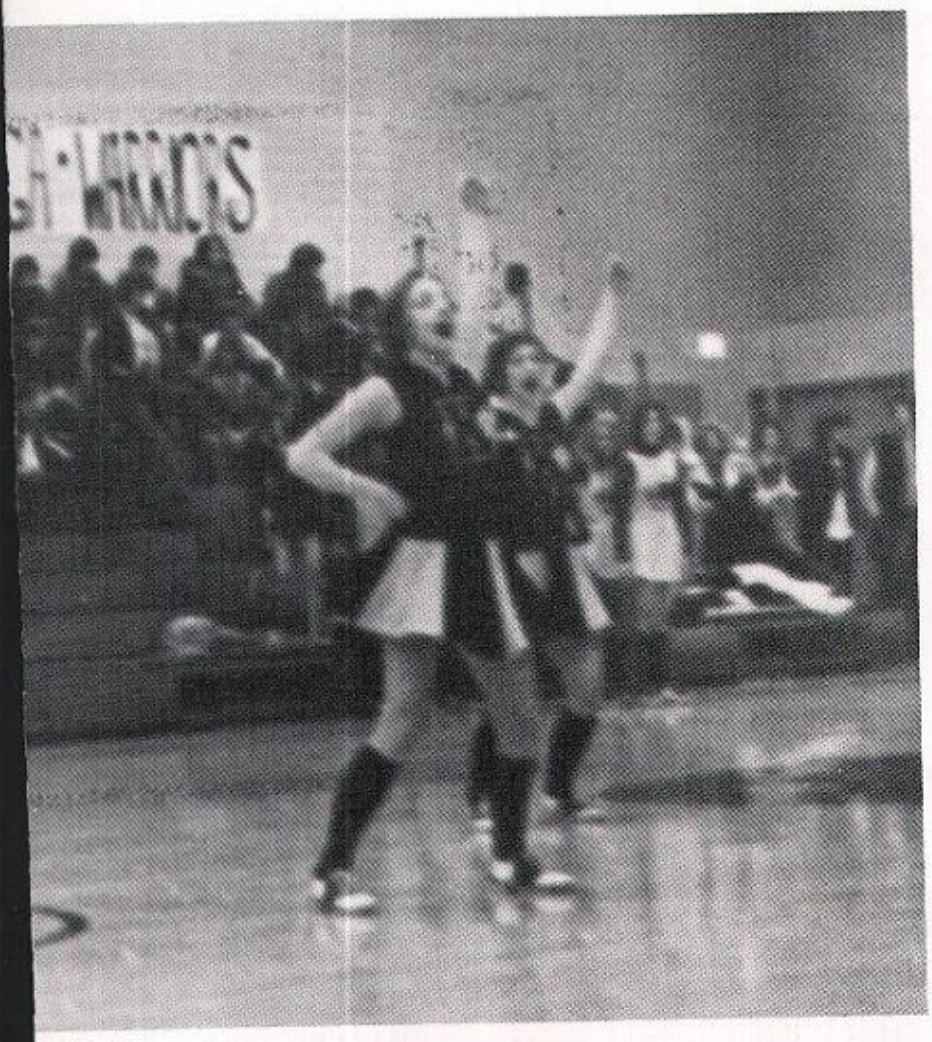
Everybody up!



Bear Power!

A cheerleader is a special type of athlete whose success doesn't depend on winning or losing. Instead, the cheerleaders promote school spirit and relay the message through sound and motion rather than the ability to score points. The girls conduct regular practices under the supervision of their advisor, Miss Andrzejewski. Cheerleader performances at football and basketball games are appreciated by the coaches, players and spectators.

Miss Hatke:

I really enjoyed drama class very much. I hope I have you for english next year. I'll never forget the plays or any of those crazy things we did in this class. Thanks for the fun.
